ADVICE RESPONSE: Griffith Battery Energy Storage System

Stage: Secretary's Environmental Assessment Requirements

Development Application: SSD-85372970

Dear Pragya,

I refer to your correspondence dated 3 June 2025 inviting the Department of Primary Industries and Regional Development - NSW Resources to review the information supplied and provide comments on Griffith Battery Energy Storage System (the Project) submitted to Department of Planning, Housing and Infrastructure by Griffith Bess Project Co Pty Ltd (Eku Energy) (the Proponent).

NSW Resources has reviewed the information supplied in relation to the Project and based on the review has no specific comments in relation to *Mining Act 1992* considerations and raises no issues regarding the Project at this stage.

NSW Resources has no additional requirements to those in the draft SEARs and advises the Proponent to actively monitor the MinView map viewer at <https://minview.geoscience.nsw.gov.au> for mining title changes that may interact with the Project. NSW Resources can assist with title holder contact details if required.

For further advice on this matter, please contact Sarah Maiorana, Project Officer, Industry Advisory and Mining Concierge unit on 02 4063 6860 or mining.concierge@dpird.nsw.gov.au.

Sincerely

Giselle Carney
