Dear Gabriel,

Thank you for providing the opportunity to comment on the proposal to amend the subject state significant development, at 2E Duggan Street, DOUGLAS PARK.

After review of the supplied documentation and in light of the assessment of Wollondilly Shire Council and DPHI, please be advised that Campbelltown City does not object to the proposal to amend the capture and treatment of methane gas via the mine's ventilation system. Any effort to reduce GHG emissions is commended.

If you require anything else from Campbelltown City, please contact me on (02) 4645 4608 or reply to this email.

With regards,
Andrew MacGee
