SSD Bendemeer Solar Farm SSD-36651552, Post Submissions Memo

Dear Ms Ramsdale,

I refer to your request of 21 August 2025 for advice on the 'Post Submissions' response from the proponent in relation to Amendment Report and updated Soil and Agricultural Assessment for the proposed 255 MW Bendemeer Solar Farm and 150 MW BESS located on Lots 1-3 DP1211502, Oxley Highway, Bendemeer.

The updated Attachment B Soil and Agricultural Assessment has been reviewed in the context of the advice provided on the agricultural issues raised in OUT25/5339 (8 May 2025).

Table 2 of the memo provided summarises where the proponent has accommodated the suggested matters raised in our previous advice on the EIS, which is supported. We particularly note the preparation of a Grazing Management Plan to set out the arrangements for any agrisolar deployment including the baseline carrying capacity to inform the groundcover target. We thank the proponent for adopting the intention of our advice on this project to date and have no further comments at this stage.

Should you require clarification on any information provided, please contact Nita Scott, at 0487023845 or by email at [landuse.ag@dpird.nsw.gov.au](mailto:landuse.ag@dpird.nsw.gov.au).

Sincerely

Nita Scott
