ADVICE RESPONSE: Mount Piper to Wallerawang Transmission

Stage: Environmental Impact Statement

Development Application: SSI-70279722

Dear Erin

I refer to your correspondence dated 22 August 2025 inviting the Department of Primary Industries and Regional Development - NSW Resources to review the information supplied and provide comments on Mount Piper to Wallerawang Transmission (the Project), submitted to Department of Planning, Housing and Infrastructure by NSW Electricity Networks Operations Pty Ltd as a trustee for NSW Electricity Operations Trust (referred to as TransGrid) (the Proponent).

NSW Resources has reviewed the information supplied in relation to the Project and provides the following advice.

NSW Resources notes that the EIS indicates that consultation is ongoing with Centennial Springvale Pty Limited who hold numerous titles which intersect with the Project area (refer to Attachment A) . NSW Resources also notes the Proponent has commenced consultation with Strategic Rare Earths Pty Ltd in relation to Exploration Licence (EL) 9640 with no concerns raised to date. NSW Resources recommends consultation with Enhance Place Pty Limited regarding the overlap with Mining Lease (ML) 1637. NSW Resources requests that the outcomes of consultation undertaken with all identified title holders is detailed in the Response to Submissions report stage.

NSW Resources advises the Proponent to actively monitor the MinView map viewer at <https://minview.geoscience.nsw.gov.au> for mining title changes that may interact with this Project.

For further advice on this matter, please contact Elisa Paull, A/Senior Advisory Officer, Industry Advisory and Mining Concierge unit on 02 4063 6860 or mining.concierge@dpird.nsw.gov.au .

Sincerely

SjAnson
