Subject: Wagga Wagga Pipeline – Modification 1 – Uranquinty Compressor Station (SSI-65512969-Mod-1) - Modification Report

Dear Jacob Jones,

I refer to your request for advice sent on 12 September 2025 to the NSW Department of Climate Change, Energy, the Environment and Water (DCCEEW) Water Group about the above matter.

NSW DCCEEW Water Group has reviewed the Modification Report and has recommendations regarding confirmation of the ability to obtain a secure water supply for the project.

Please see **Attachment A** for details.

Should you have any further queries in relation to this submission please do not hesitate to contact the Water Assessments team at [water.assessments@dcceew.nsw.gov.au](mailto:water.assessments@dcceew.nsw.gov.au).

Yours sincerely

Rob Brownbill,  
Manager, Water Assessments, Knowledge Division  
NSW Department of Climate Change, Energy, the Environment and Water

## Attachment A

---

### Detailed advice to DPHI Planning & Assessment regarding the Wagga Wagga Pipeline – Modification 1 – Uranquinty Compressor Station (SSI-65512969-Mod-1) - Modification Report

#### 1.0 Water supply, take and licensing

---

##### 1.1 Recommendation – pre-determination

The Department of Planning, Housing and Infrastructure (DPHI) should request the proponent to clarify the ability to obtain a secure water supply for the project. This should include confirmation of consultation with a potential water supplier.

##### Explanation

The proponent has indicated that water supply is required both during construction and ongoing and that the water would be sourced from Riverina Water. The proponent has not indicated if consultation with Riverina Water has occurred to confirm the water supply is a reliable and viable option.
