Romani X5 BESS (SSD-67105475) – EIS Review

Dear Mr Kumar,

Thank you for your referral dated 30 October 2025 requesting WaterNSW's review of the Environmental Impact Statement (EIS) for the updated Romani Solar Farm project to Romani X5 BESS. It is understood that the proposal is for the construction, operation and decommissioning of a 200 megawatt (MW) 800MWh Battery Energy Storage System (BESS) with grid connection via existing transmission lines and ancillary infrastructure.

WaterNSW has reviewed the project EIS and considers that the proposal is unlikely to impact on any WaterNSW land, assets or infrastructure, and has no specific comment to make. As such,

WaterNSW requests that the Department continues to consult with WaterNSW for any development that may impact on our assets, infrastructure or land, using the following email address

Environmental.Assessments@waternsw.com.au.

If you have any questions regarding this letter, please contact me at justine.clarke@waternsw.com.au.

Yours sincerely,

A handwritten signature in black ink, appearing to be "JC" or "Justine", written in a cursive style.
