ADVICE RESPONSE: South Coree Battery Energy Storage System

Stage: Environmental Impact Statement

Development Application: SSD-77238990

Dear Nicholas

I refer to your correspondence dated 5 November 2025 inviting the Department of Primary Industries and Regional Development - NSW Resources to review the information supplied and provide comments on South Coree Battery Energy Storage System (the Project) submitted to Department of Planning, Housing and Infrastructure by Samsung C&T Renewable Energy Australia Pty Ltd (the Proponent).

NSW Resources has reviewed the information supplied in relation to the Project and based on the review has no specific comments in relation to *Mining Act 1992* considerations and raises no issues regarding the Project at this stage.

NSW Resources has no additional requirements to those in the draft SEARs and advises the Proponent to actively monitor the MinView map viewer at <https://minview.geoscience.nsw.gov.au> for mining title changes that may interact with this Project.

For further advice on this matter, please contact Pamela Gould, GIS & Coordination Officer, Industry Advisory and Mining Concierge unit on 02 4063 6860 or mining.concierge@dpird.nsw.gov.au.

Sincerely

Elisa Paull
