

Modification to Deniliquin Ethanol Plant - SSD 6281

Scope of the modification

Dongmun Greentec Pty Ltd obtained approval in July 2016 for the construction and operation of an ethanol plant capable of producing 115 mega litres (ML) of ethanol annually at lots 234, 272 and 273 of DP 756325, Barham Road, Deniliquin, NSW- Deniliquin Ethanol Plant (SSD 6281).

In the intervening period circumstances have changed. The entity which will build the ethanol plant is no longer Dognum Greentec Pty Ltd. To this end, Dognum Greentec Pty Ltd is seeking a modification to SSD 6281 to change the name of the applicant specified in the consent being Dognum Greentec Pty Ltd and record the applicant's name as Deniliquin Ethanol Plant Pty Ltd.

The company's details are as follows:

Deniliquin Ethanol Plant Pty Ltd.
ACN: 614 398 542
ABN: 82 614 398 542
Registered: 23/08/2016
Address: 66 Hardinge Street Deniliquin NSW 2710

Type of modification

Dongmun Greentec Pty Ltd is now seeking approval under section 4.55(1) of the *Environmental Planning and Assessment Act 1979* to modify SSD 6281. Dognum Greentec Pty Ltd would now like the applicant's name recorded as Deniliquin Ethanol Plant Pty Ltd.

A Modification under section 4.55 (1(A)) has not been considered in this instance, as the development to which this modification relates would not change in any form from that approved in July 2016. There would be no change to the details outlined in the supporting documentation to the development application relating to the construction and operation of the ethanol plant. The only change relates to the applicant's name change to Deniliquin Ethanol Plant Pty Ltd. A modification under section 4.55(1) is considered appropriate in this instance.

Reasons and justification for the modification

Dognum Greentec Pty Ltd no longer intends to construct and operate the ethanol plant at Deniliquin.

Land owners consent

See attached letter from Adam Swain, General Manager at Edward River Council providing landowner's consent.

It states that... *Council has no objection to the proposed change of applicant from Dongmun Greentec Pty Ltd to Deniliquin Ethanol Plant Pty Ltd.*

Environmental impacts

The proposed modification will not give rise to environmental impacts.
