Subject: Request for Additional Information

Dear Mr Dwyer,

I refer to the Whitehaven Solar Farm (SSD-66542218). After careful consideration, the Department is requesting that you provide the following additional information to support the assessment of the project:

- updated Landowners consent from Narrabri Shire Council for the upgrade of the site access point along Kurrajong Creek Road;
- agreed heads of terms for a Voluntary Planning Agreement with Narrabri Share Council;
- evidence of consultation with, and identification of, a suitable waste management facility capable of servicing the site;
- evidence of consultation with Civeo Corporation confirming sufficient accommodation capacity for the project workforce;
- confirmation of whether heavy vehicles would approach the site from both the north and south along the Kamilaroi Highway; and
- details of any proposed emergency access points.

Draft conditions of consent are attached for your review and consideration. You are requested to provide comments on the draft conditions separately from your response to this RFI. Upon request, the Department can meet to discuss the draft conditions.

You are requested to provide the information to the Department by Wednesday 10 December 2025. If you cannot meet this deadline or do not intend to provide the additional information, please advise the Department via the NSW planning portal.

The assessment period ceases to run between the date of this letter and the date you provide the additional information (or notification that the information will not be provided), in accordance with Part 4 Division 4 of the Environmental Planning and Assessment Regulation 2021.
