Subject: Request for Additional Information

Dear Mr Theivakularatnam

I refer to Assessment for the Advanced Waste Treatment (AWT) Facility-4 (MP06_0185-Mod-4). After careful consideration, the department is requesting that you provide additional information before accepting and publishing the report on the NSW planning portal.

You are requested to submit the following additional information:

- further details relating to past approvals and modifications
- plans more clearly showing the approved and proposed layout
- details of activities currently occurring in the area to be removed from the consent, and whether they will cease or be relocated
- details of the bunded areas associated with the proposed tanks and the truck loading area
- justification for the reduction in leachate treatment capacity (from 7500 m³ to 3260 m³) and further details of the proposed leachate management approach
- correction of the reference in Section 4.4 to MP06_0165 which is an unrelated development

You are requested to provide the information in a revised modification report, or notification that the information will not be provided, to the department by Wed 11 February 2026. If you cannot meet this deadline or do not intend to provide the additional information, please advise the department via the NSW planning portal.

If you have any questions, please contact Sam Burns on 02 9585 6002 or via email at sam.burns@dpi.nsw.gov.au.
