Subject: Request for Additional Information – Agency Comments on Response to Submissions

Dear Ms Skulander

I refer to the Response to Submissions (RtS) report dated 4 February 2026 for the New Rouse Hill Hospital (SSD-96248991). You are requested to submit additional information to address the following comment made by Transport for NSW:

Bus access

The RtS has advised that it is not proposed that bus services enter the hospital site, however, advises that discussions between TfNSW and Health Infrastructure NSW are continuing, and it is recommended that the design does not preclude future bus operations.

The Department requests that appropriate documentation is provided to demonstrate that the proposed design can accommodate bus access.

You are requested to provide the information, or notification that the information will not be provided, to the Department by Friday 6 March 2026. If you cannot meet this deadline, please provide and commit to an alternative timeframe for providing this information.

Please provide all information via the NSW planning portal. If you have any questions, please contact Patrick Nash on (02) 9860 1479 or via email at patrick.nash@planning.nsw.gov.au.

Yours sincerely
