Dear Mr Baillie

**Ingleburn Resource Recovery Facility (SSD-8593)
Request for Additional Information**

I refer to the assessment for the Ingleburn Resource Recovery Facility (SSD-8593). After careful consideration, the Department is requesting that you provide additional information.

I note the Response to Submissions Report (RTS) dated October 2020 relies on an awning being constructed over the rear hardstand of the site. However, this awning has not been approved by Campbelltown City Council. As such, in order to progress the assessment of the proposal, you are requested to resubmit the Water Management Plan, dated 10 October 2020, on the basis that the awning is not approved.

I have also attached a letter from the Environment Protection Authority, however, I am still waiting on further comments from Council on the RTS which will be provided, along with additional comments by the Department, as soon as they are received.

You are requested to provide the information, or notification that the information will not be provided, to the Department by 11 December 2020. If you are unable to provide the requested information within this timeframe, you are requested to provide, and commit to, a timeframe detailing the provision of this information.

If you have any questions, please contact Emma Barnet, who can be contacted on 92746412/ at emma.barnet@planning.nsw.gov.au.

Yours sincerely,

A handwritten signature in blue ink that reads 'William Hodgkinson'.
