

AUSTRAL ARCHAEOLOGY

WEST CULBURRA CULBURRA BEACH, NEW SOUTH WALES VOLUME 2: CONSULTATION APPENDICIES

Prepared for Allen Price & Scarrats

13 August 2024

Final

ACKNOWLEDGEMENT OF COUNTRY

We respect and acknowledge the First Nations Peoples of the lands and waterways on which we live and work, their rich cultural heritage, and their deep connection to Country, and we acknowledge their Elders past and present.

CULTURAL WARNING

Aboriginal and Torres Strait Islander readers are advised that this report may contain images or names of First Nations people who have passed away.

STAGE 1.1 LETTER TO AGENCIES

Reference: 22054

17 May 2022

**RE: STAGE 1: REQUEST FOR INFORMATION FOR ABORIGINAL
CULTURAL HERITAGE ASSESSMENT & ABORIGINAL CULTURAL
HERITAGE MANAGEMENT PLAN FOR WEST CULBURRA DEVELOPMENT,
CULBURRA, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter due to your organisation being named as a reasonable source of information that must be contacted as under Stage 1 (section 4.1.2) of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) (Consultation Requirements). Section 4.1.2 of the Consultation Requirements makes it the proponent's responsibility to ascertain, from reasonable sources of information such as your organisation, the names of Aboriginal people who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places.

Austral Archaeology Pty Ltd (Austral) has been engaged by Allen Price and Scarratts Pty Ltd / Sealark Pty Ltd, to undertake an Aboriginal Cultural Heritage Assessment (ACHA) and an Aboriginal Cultural Heritage Management Plan (ACHMP) in regard to the West Culburra Development, Lot 5 DP 1065111 and Lot 6 DP 1065111, Culburra Road, Culburra Beach, New South Wales (NSW) [the Study Area]. The proposed ACHA is being undertaken to determine the impact the development will have on Aboriginal cultural material, as part of a Development Application under Part 4 of the *Environmental Planning and Assessment Act 1979*. The study area is situated within the Shoalhaven Local Government Area (LGA) and is located within the boundaries of the Jerrinja Local Aboriginal Land Council (JLALC).

Austral Archaeology will actively seek to involve stakeholders in decisions regarding Aboriginal cultural heritage issues arising from this project. Additional information will be made available to all registered Aboriginal stakeholders as the project progresses. The purpose of consultation is to assist the proposed applicant in the preparation of an Aboriginal Heritage Impact Permit and to assist the Director General of the Department of Premier and Cabinet (DPC) in his or her consideration and determination of the application. The project will be undertaken in accordance with the *National Parks and Wildlife Act 1974*.

In accordance with the consultation requirements, please note that the relevant client contact for this project is:

Matt Philpott

Director

Allen Price and Scarratts Pty Ltd

PO Box 73

Nowra, NSW 2541

Phone: (02) 4221 6544 [Nowra] (02) 4233 1448 [Kiama]

Email: mattphilpott@allenprice.com.au

All correspondence regarding provision of names and contact details of Aboriginal people who may hold cultural knowledge relevant to the project should be provided in writing to:

Taylor Foster
Archaeologist
Austral Archaeology
Shop 1, 148 Tongarra Road
Albion Park, NSW 2527
Phone: 0478 162 379
Email: TaylorF@australarch.com.au

Austral requests that your organisation supplies the requested information by 31 May 2022. Please note that under Section 4.1.6 of the Consultation Requirements, Austral is required to supply details of all registered Aboriginal stakeholders to Heritage NSW and JLALC.

Please do not hesitate to contact me for further information at the contact details provided below.
Yours sincerely,

Kayley Elliott

Request for Spatial Search of Tribunal Registers

1: Your details

Your name:	Kayley Elliott		
Your company:	Austral Archaeology		
E-mail address:	kayleye@australarch.com.au	Phone:	0491 200 285
Your reference:	22054	Your state:	New South Wales
☒	I have read and acknowledge the terms and conditions on the next page.		

2: Areas to be searched

Jurisdiction to be searched:	New South Wales	Tenure to be searched:	
------------------------------	-----------------	------------------------	--

Parcel or tenement identifiers (add up to 20 separate identifiers). **Please see over for parcel identifiers.**

Parcel 1:	Lot 5 DP 1065111	Parcel 2:	Lot 6 DP 1065111
Parcel 3:		Parcel 4:	
Parcel 5:		Parcel 6:	
Parcel 7:		Parcel 8:	
Parcel 9:		Parcel 10:	
Parcel 11:		Parcel 12:	
Parcel 13:		Parcel 14:	
Parcel 15:		Parcel 16:	
Parcel 17:		Parcel 18:	
Parcel 19:		Parcel 20:	

If your search area is not a non-freehold parcel or mining or petroleum tenement, you can enter other tenure or administrative regions here (e.g. local government area, townsite or county). Please provide as much detail as you can.

The study area is located at Culburra Beach, within the Shoalhaven LGA.

E-mail the completed form to GeospatialSearch@NNTT.gov.au

Parcel Identifiers

In most jurisdictions please identify parcels using lot on plan, or lot/section/plan as appropriate. The NNTT is generally not able to identify parcels using land title information. Where possible, the NNTT uses the terminology and formatting of unique identifiers used in each state to uniquely identify a land parcel. More details are below:

1. **Lot on plan.** Use for Western Australia and Queensland.
2. **Lot/Section/Plan.** Use for New South Wales.
3. **LAISKEY.** Use for the Northern Territory. The laiskey is a unique identifier for each parcel comprised of the location code, LTO code (derived from the survey plan) where applicable and the parcel number.
4. **Parcel ID** – Use for South Australia. Concatenation of Parcel Type, Parcel, Plan Type and Plan.
5. **SPI** (Standard Parcel Identifier) – Use for Victoria.

Terms and Conditions

1. Specify only one jurisdiction (e.g. Queensland) and one type of tenure (e.g. mining tenement) per form. You can add up to 20 separate tenements or parcels per search request. For more than 20 parcels or tenements please submit additional search requests or contact GeospatialSearch@NNTT.gov.au to discuss your requirements.

Note: if your area of interest cannot be clearly identified from the search form, or is not held in NNTT datasets, we may instead provide search results for a surrounding local government area, or other suitable regional area.

2. Freehold land.

Under the Native Title Act 1993 (Cth), the valid grant of a freehold estate (other than certain types of Aboriginal and Torres Strait Islander land) on or before 23 December 1996 is known as a 'previous exclusive possession act'. This means that native title has been extinguished over the area. Native title claimants are not allowed to include land and waters covered by previous exclusive possession acts in their applications; therefore they would normally exclude freehold areas. A native title application may, however, be made over freehold land on the basis that freehold was invalidly granted, but the chances of this happening are very low.

3. Cultural Heritage in NSW.

The National Native Title Tribunal has undertaken steps to remove itself from the formal list of sources for information about indigenous groups in development areas. The existence or otherwise of native title is quite separate to any matters relating to Aboriginal cultural heritage. Information on native title claims, native title determinations and Indigenous Land Use Agreements is available on the Tribunal's website.

4. Spatial searches rely on data obtained from the relevant custodian. Whilst efforts are taken to update such datasets on a regular basis, the collection and interpretation of such datasets may be influenced by a number of factors that can impact of the completeness and accuracy of your search results.

Disclaimer

While the National Native Title Tribunal (NNTT) and the Native Title Registrar (Registrar) have exercised due care in ensuring the accuracy of the information provided, it is provided for general information only and on the understanding that neither the NNTT, the Registrar nor the Commonwealth of Australia is providing professional advice. Thank you for contacting Heritage NSW. We will respond to your email as soon as possible.

In the interim, please see the below information regarding some of our common enquiries, which may assist you.

Heritage Act 1977 – s139(4) Exceptions

Heritage NSW no longer accepts s139(4) applications as the new archaeological exceptions process is now live. Information on the new process, including how to self-assess your works may be found here [s139\(4\)Exceptions - Self Assessment](#).

Heritage Management System (HMS) is now live

HMS is a new digital system for lodging Heritage Act applications and searching heritage information. Go to the Heritage NSW website for more information and to access the [Heritage Management System](#)

Applications and Section 170 notifications

If you have submitted an application under the Heritage Act 1977 or the National Parks and Wildlife Act 1974, or a section 170 notification, it will first be reviewed for completeness and then allocated to the appropriate assessment team or officer. An officer will contact you if any additional information is required. The completeness check is generally completed within 7-14 business days.

We aim to process applications or notifications within the timeframes below:

Application/Notification type	Timeframe (Commences once an application or notification is complete)
Planning Proposals Section 140 Permits Section 4.55 Modifications	21 days
Integrated Development Applications	If advertised: 21 days following receipt of submissions, or advice there were no submissions, or If not advertised: 40 days
Section 60 Application (fast track) Section 60 Applications (standard/ major works)	21 days 40 days (or 60 days if advertised)
Section 90 Aboriginal Heritage Impact Permit (AHIP)	60 days
Section 170 notifications – local heritage items Section 170 notifications – state heritage/SHR items Section 170 registers and heritage asset management strategies	14 days 40 days As advised/ negotiated with an agency’s single point of contact

Nominations for listing under the Heritage Act 1977 (State Heritage Register)

A completed nomination form must accompany your application. The application form is available on our website ([Nominate listing on the state heritage register](#)). SHR Nominations are considered by the State Heritage Register Committee who will decide whether the nomination will proceed to the next stage of assessment.

Nominations for Aboriginal Place listings under the National Parks and Wildlife Act 1974

Nominations are allocated to the relevant team within 2 business days. An officer will contact you if any additional information is required. The Aboriginal Place proposal form is available on our website: [Nominating an aboriginal place](#)

Aboriginal Cultural Heritage (ACH) Conservation and Repatriation

Programs supported by Heritage NSW include the ACH Conservation and Repatriation of Aboriginal ancestors and objects. This work is managed by staff located across NSW. Enquiries into these programs are sent to the relevant team within 2 business days. Please send any enquiries to heritagemailbox@environment.nsw.gov.au and one of our staff will respond to you directly. Please advise us of any requests to modify our projects or timeframes to better accommodate your needs.

Please visit our website at [Heritage NSW](#) for further information.

Sincerely,

Customer Concierge Team.

Subject: RE: SR22/756 - 22054 - West Culburra ACHA and ACHMP Stage 1.1 Consultation - SR22/756 [SEC=OFFICIAL]

OFFICIAL

Native title search – NSW Parcels – Multiple
Your ref: 22054 **Our ref:** SR22/756

Dear Kayley Elliott,

Thank you for your search request received on 17 May 2022 in relation to the above area, please find your results below.

Search Results

The results provided are based on the information you supplied and are derived from a search of the following Tribunal databases:

- Schedule of Native Title Determination Applications
- Register of Native Title Claims
- Native Title Determinations
- Indigenous Land Use Agreements (Registered and notified)

Feature ID	Tenure	As At	Feature Area SqKm	Overlapping Native Title Feature				
5//DP1065111	FREEHOLD	11/10/2021	0.7961	NNTT File Number	Name	Category	Overlap Area SqKm	% Selected
				NC2017/003	South Coast People	Applications (Schedule)	0.7961	
				NC2017/003	South Coast People	Applications (RNTC)	0.7961	
6//DP1065111	FREEHOLD	11/10/2021	3.4162	NNTT File Number	Name	Category	Overlap Area SqKm	% Selected
				NC2017/003	South Coast People	Applications (Schedule)	3.4162	
				NC2017/003	South Coast People	Applications (RNTC)	3.4162	

For more information about the Tribunal’s registers or to search the registers yourself and obtain copies of relevant register extracts, please visit our [website](#).

Information on native title claims and freehold land can also be found on the Tribunal’s website here: [Native title claims and freehold land](#) .

Please note: There may be a delay between a native title determination application being lodged in the Federal Court and its transfer to the Tribunal. As a result, some native title determination applications recently filed with the Federal Court may not appear on the Tribunal’s databases.

The search results are based on analysis against external boundaries of applications only. Native title applications commonly contain exclusions clauses which remove areas from within the external boundary. To determine whether the areas described are in fact subject to claim, you need to refer to the “Area covered by claim” section of the relevant Register Extract or Schedule Extract and any maps attached.

Search results and the existence of native title

Please note that the enclosed information from the Register of Native Title Claims and/or the Schedule of Applications is **not** confirmation of the existence of native title in this area. This cannot be confirmed until the Federal Court makes a determination that native title does or does not exist in relation to the area. Such determinations are registered on the National Native Title Register.

The Tribunal accepts no liability for reliance placed on enclosed information

The enclosed information has been provided in good faith. Use of this information is at your sole risk. The National Native Title Tribunal makes no representation, either express or implied, as to the accuracy or suitability of the information enclosed for any particular purpose and accepts no liability for use of the information or reliance placed on it.

If you have any further queries, please do not hesitate to contact us via GeospatialSearch@NNTT.gov.au

To whom it may concern,

Catchment Management Authorities are listed in Section 4.1.2 (g) of the Aboriginal cultural heritage consultation requirements for proponents 2010, under Part 6, National Parks and Wildlife Act 1974 as a source of information to obtain the “names of Aboriginal people who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and/or places”. We understand that with the loss of Catchment Management Authorities in NSW such requests are likely to be forwarded to Local Land Services.

South East Local Land Services is a partner with many Aboriginal communities in the region on natural resource management (NRM) projects. We are not, however, the primary source for contacting or managing contact lists for Aboriginal communities or persons that may inform or provide comment on planning issues. Currently we do not coordinate or administer any Aboriginal reference group for our region.

Please direct your enquiry to Heritage NSW via the central mailbox

Attachments: 22054 - West Culburra Stage 1.1 Letter to Agency.pdf

Dear Kayley,

Thank you for providing the attached notice.

NTSCORP requests that you register the Applicant for the South Coast People’s native title application, on behalf of the South Coast People, as knowledge holders for this project and a party to be notified and involved throughout the assessment process.

The South Coast People are the registered native title claimants for this region and are contactable via their legal representatives Isobel Brinin and Sandy Chalmers at information@ntscorp.com.au. Please send all correspondence to this address **only**.

In relation to the project notified, please can you confirm if and when Aboriginal knowledge holders are intended to be involved in field surveys, test excavations or any form of cultural heritage monitoring. It is the Applicant’s position that such work should be undertaken by people who are members of the South Coast People’s native title application, as the relevant native title claimants and custodians of the cultural sites and artefacts in the area considered by this project.

Following confirmation of the above, the Applicant will provide nominations for Aboriginal knowledge holders to be engaged on behalf of the South Coast People.

Kind regards

Conor Wakefield | Law Graduate

Dear Taylor,

Aboriginal Cultural Heritage Assessment – West Culburra Development, Culburra Road, Culburra Beach, NSW: request for list of potential Aboriginal stakeholders

We refer to your letter and email to this Office, dated 17 May 2022, requesting contact information for Aboriginal organisations, stakeholders and/or people who may have cultural knowledge relevant to the proposed West Culburra Development, Culburra Road, Culburra Beach, NSW (Lots 5 DP 1065111 and Lot 6 DP 1065111), as part of an Aboriginal Cultural Heritage Assessment (ACHA).

Under Section 170 of the *Aboriginal Land Rights Act 1983* (NSW), the Office of the Registrar is required to maintain the Register of Aboriginal Owners (RAO) for New South Wales. A search of the RAO has shown that there are currently no Registered Aboriginal Owners in the project area.

The proposed development and study area falls within the boundaries of Jerrinja Local Aboriginal Land Council. We suggest you contact Jerrinja LALC (contact details provided below), as they may wish to participate or contribute.

Yours sincerely

Brendan Smith

24/05/2022

Dear Taylor,

**WRITTEN NOTIFICATION OF PROPOSAL AS REQUIRED UNDER DECCW ABORIGINAL
CULTURAL HERITAGE CONSULTATION REQUIREMENTS FOR PROPONENTS 2010**

**Subject: West Culburra Development, Lot 5 DP 1065111 and Lot 6 DP 1065111,
Culburra Road, Culburra Beach.**

Thank you for your correspondence dated 17 May 2022 to Heritage NSW (Department of Premier and Cabinet) regarding the above project.

Attached is a list of known Aboriginal parties for the proposed development at **Shoalhaven** local Government Area that Heritage NSW considers likely to have an interest in the activity.

Please note this list is not necessarily an exhaustive list of all interested Aboriginal parties.

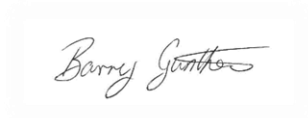

Receipt of this list does not remove the requirement of a proponent/ consultant to advertise in local print media and contact other bodies seeking interested Aboriginal parties, in accordance with the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (April 2010).

Under Section 4.1.6. of the Consultation Requirements, you must also provide a copy of the names of each Aboriginal person who registered an interest to the relevant Heritage NSW office and Local Aboriginal Land Council (LALC) within 28 days from the closing date for registering an interest.

Please note that the contact details in the list provided by Heritage NSW may be out of date as it relies on Aboriginal parties advising Heritage NSW when their details need changing. If individuals/companies undertaking consultation are aware that any groups contact details are out of date, or letters are returned unopened, please contact either the relevant stakeholder group (if you know their more current details) and/or Heritage NSW. AHIP applicants should make a note of any group they are unable to contact as part of their consultation record.

If you have any questions about this advice, please email:
heritagemailbox@environment.nsw.gov.au or contact (02) 9873 8500.

Yours sincerely

A handwritten signature in black ink, reading "Barry Gunther", enclosed within a light grey rectangular border.

Subject: RE: Follow-up on 22054 West Culburra Stage 1.1 Consultation for ACHA & ACHMP

Hi Alfred,

Thank you for your email.

At this point in time project 22054 West Culburra is still in Stage 1.1 of consultation (ending tomorrow), so we are currently giving organisations the opportunity to register for consultation and asking that they provide contact information of Aboriginal Stakeholders who may be interested in consulting on the project.

We will send out a draft methodology for project 22054 West Culburra to all registered stakeholders as part of our Stage 3 consultation in the future.

If you have any contact information of Aboriginal Stakeholders for this project, could you please supply this information by Close of Business **31 May 2022**?

Thank you.

Kind regards,

Kayley Elliott

1 June 2022

**RE: STAGE 1: NOTIFICATION OF ABORIGINAL CULTURAL HERITAGE
ASSESSMENT & ABORIGINAL CULTURAL HERITAGE MANAGEMENT
PLAN FOR WEST CULBURRA DEVELOPMENT,
CULBURRA BEACH, NEW SOUTH WALES**

To whom it may concern,

Austral Archaeology Pty Ltd (Austral) has been engaged by Allen Price and Scarratts Pty Ltd / Sealark Pty Ltd to undertake an Aboriginal Cultural Heritage Assessment (ACHA) and prepare an Aboriginal Cultural Heritage Management Plan (ACHMP) in regard to the West Culburra Development, at Culburra Road, Culburra Beach, New South Wales (NSW); Lot 5, DP 1065111 and Lot 6, DP 1065111 (the Study Area).

Austral has been made aware that you or your organisation may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places. As part of Stage 1 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) (the Consultation Requirements), you are invited to register your interest to participate in the ACHA and consultation process for the project.

The proposed ACHA is being undertaken to determine the impact the development will have on Aboriginal cultural material, as part of a Development Application under Part 4 of the *Environmental Planning and Assessment Act 1979*. The study area is situated within the Shoalhaven Local Government Area (LGA) and is located within the boundaries of the Jerrinja Local Aboriginal Land Council (JLALC). The proposed development will involve creating a mixed-use subdivision, featuring residential, industrial, commercial and integrated spaces, as well as public reserves and environmental management facilities.

Austral will actively seek to involve stakeholders in decisions regarding Aboriginal cultural heritage issues arising from this project. Additional information will be made available to all registered Aboriginal stakeholders as the project progresses. The purpose of consultation is to assist the proposed applicant in the preparation of an Aboriginal Heritage Impact Permit and to assist the Director General of the Department of Premier and Cabinet in their consideration and determination of the application. The project will be undertaken in accordance with the *National Parks and Wildlife Act 1974*.

In accordance with the consultation requirements, please note that the relevant client contact for this project is:

Matt Philpott

Director

Allen Price and Scarratts Pty Ltd

PO Box 73

Nowra, NSW 2541

Phone: (02) 4221 6544 [Nowra] (02) 4233 1448 [Kiama]

Email: mattphilpott@allenprice.com.au

All correspondence regarding provision of names and contact details of Aboriginal people who may hold cultural knowledge relevant to the project should be provided in writing to:

Taylor Foster
Archaeologist
Austral Archaeology
Shop 1, 148 Tongarra Road
Albion Park, NSW 2527
Phone: 0478 162 379
Email: taylorf@australarch.com.au

As a person or organisation who may hold cultural knowledge relevant to determining the significance of Aboriginal objects and / or places associated with the proposed project, you are invited to register your interest to be consulted for this project. The closing date for registrations of interest is Close of Business **Wednesday 15 June 2022**.

Please note that under Section 4.1.6 of the Consultation Requirements, Austral is required, unless you state otherwise, to supply details of all registered Aboriginal stakeholders to Heritage NSW and JLALC as part of this process.

Please do not hesitate to contact me for further information at the contact details provided below.
Yours sincerely,

A handwritten signature in black ink that reads "K. Elliott".

Hi Kayley,

Thank you for informing us that **Austral Archaeology** will be involved in an Aboriginal Cultural Heritage Assessment at **West Culburra Development, at Culburra Road, Culburra Beach, New South Wales (NSW); Lot 5, DP 1065111 and Lot 6, DP 1065111** &,that you are inviting Aboriginal organisations to register, if they wish too be involved in the community consultation process.

As a senior Aboriginal person for the past 50yrs, I actively participate in the protection of the Aboriginal Cultural Heritage throughout the Sydney Basin, & particularly throughout Western Sydney, on behalf of Kamilaroi Yankuntjatjara Working Group I wish to provide to you my organisation’s registration of interest.

I wish to be involved & participate in all levels of consultation/project involvement. I wish to attend all meetings, participate in available field work & receive a copy of the report.

I have attached a copy of Kamilaroi Yankuntjatjara Working group’s Public Liability Insurance & Workers Compensation certificate.
Our Rates - \$112.50 per hour, \$450 half day & \$900 full day (Exc. GST)
Our RAPS have up to 15yrs Cultural Heritage experience in – field work which involves manual excavation (digging), sieving , identifying artefacts, setting up transits, setting up equipment, packing equipment, site surveys & attending meetings.

Should you wish me to provide further information, please do not hesitate to contact me on 0434545982 or Stefeanie on 0451068480.

Kind Regards
Phil Khan

Subject: Re: 22054 West Culburra Stage 1.2 Letter to Stakeholder - Date Correction

Good evening Kayley,

Thoorga Nura would like to be included in registrations to be consulted in regards to this project.
If you require anything further please let me know.

Regards
John

To whom it may concern,

Apologies for the email accompanying the Stage 1.2 letter for 22054 West Culburra containing the incorrect month for the closing date of registration.

The attached letter itself states the correct date for closure of registration, being Close of Business Wednesday 15 June 2022.

Apologies for the confusion. To clarify, Close of Business **Wednesday 15 June 2022** is when registration closes, as per the Stage 1.2 letter sent yesterday which I have also attached to this email.

Kind Regards,

Kayley Elliott

Dear Kayley,

Thank you for providing the attached notice.

NTSCORP requests that you register the Applicant for the South Coast People's native title application, on behalf of the South Coast People, as knowledge holders for this project and a party to be notified and involved throughout the assessment process.

The South Coast People are the registered native title claimants for this region and are contactable via their legal representatives Isobel Brinin and Sandy Chalmers at information@ntscorp.com.au. Please send all correspondence to this address **only**.

In relation to the project notified, please can you confirm if and when Aboriginal knowledge holders are intended to be involved in field surveys, test excavations or any form of cultural heritage monitoring. It is the Applicant's position that such work should be undertaken by people who are members of the South Coast People's native title application, as the relevant native title claimants and custodians of the cultural sites and artefacts in the area considered by this project.

Following confirmation of the above, the Applicant will provide nominations for Aboriginal knowledge holders to be engaged on behalf of the South Coast People.

Kind regards,

Conor Wakefield | Law Graduate

Dear Kayley

Please accept my registration of interests for this project at West Culburra at this latter date. It has been a week of significant substances in my local Illawarra aboriginal affairs.

For the project i offer my unique personage with skill sets in cultural heritages appreciations, interpretations and Principalled significance assessments, on a known standing wrt this cultural area specific relevances in narratives of scalar Nowree environs as contextual settings in the SouthCoast Regional lands advocacy importances.

I do not particularly seek engagement for a salvage operation, however i do wish to engage in the consideration of due diligences, methodological responses and any preliminary fieldwork or visitation.

Could you please respond eitherway with receipt and acceptance confirmations?

Regards garyC

General Notices

ACHA at Culburra Road, Culburra Beach, NSW.

Aboriginal Cultural Heritage Assessment – Registration of Interest.

Allen Price & Scarratts of 75 Plunkett Street, Nowra, NSW 2541, has commissioned Austral Archaeology Pty Ltd (Austral) to undertake an Aboriginal Cultural Heritage Assessment (ACHA) and an Aboriginal Cultural Heritage Management Plan (ACHMP) in regard to the West Culburra mixed use subdivision plan at Culburra Road, (Lot 5 and Lot 6, DP1065111), Culburra Beach, NSW. On behalf of the proponent, Austral wishes to consult Aboriginal people to assist with a cultural heritage assessment which may result in an Aboriginal Heritage Impact Permit (AHIP). Consultation is required to assist the Director General of the Department of Premier and Cabinet (DPC) in their consideration of the application. Consultation will be in accordance with the DPC's Consultation Requirements 2010. Parties with cultural knowledge relevant to the significance of Aboriginal object(s) and/or place(s) are invited to register their interest. More information about the project will be provided after registration.

For more information please contact:

Allen Price and Scarratts Pty Ltd,
Matt Philpott, PO Box 73, Nowra NSW 2541
Phone: (02) 4221 6544 [Nowra] (02) 4233 1448 [Kiama]

Phone: 0491 200 285

Email: kayleye@australarch.com.au

Registration closes 17/06/2022.

Positions Vacant

JOURNALIST - Far South Coast

We have a rare opportunity for a full-time journalist to join the Australian Community Media team on the Far South Coast.

You will need to have good news sense and general knowledge, plus a strong community focus. You will collaborate with other journalists, the sales department and other ACM colleagues to implement editorial initiatives that will reaffirm the dominant position of our mastheads in their respective markets.

This position would suit an experienced journalist, or someone with relevant tertiary qualifications looking to make a mark in the industry. This is an extremely fast-paced and constantly changing environment so the successful applicant will need to be energetic, well presented and prepared to learn new things every day.

We are looking for a person with the ability to write cleanly, take good photos and have a knowledge of social media with a genuine interest in the community. Drivers licence is a must.

Australian Community Media's hundreds of newspapers and websites in rural, regional and suburban communities play a vital role in delivering quality journalism and information in print and online, and connecting advertisers to our audiences.

Our evolving business is introducing new technologies and doing things differently to ensure our trusted mastheads meet the changing needs of both audiences and advertisers.

If you enjoy a dynamic working environment you will thrive in our collaborative team culture, which is helping ACM build a stronger, sustainable and modern media network of newspapers and websites serving regional, rural and suburban Australia. Apply online now!

<https://careers.austcommunitymedia.com.au/jobdetails?ajid=WYXW7>

Disclaimer: Australian Community Media does not accept unsolicited agency resumes. ACM is not responsible for any fees related to unsolicited resumes.

**RE: STAGE 2: PROJECT INFORMATION FOR WEST CULBURRA
ABORIGINAL CULTURAL HERITAGE ASSESSMENT & ABORIGINAL
CULTURAL HERITAGE MANAGEMENT PLAN,
CULBURRA ROAD, CULBURRA BEACH, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the West Culburra project.

The following information is being provided to comply with Stage 2 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) [the Consultation Requirements]. This letter relates explicitly to sections 4.2.1 to 4.2.4 of the Consultation Requirements.

PROJECT DETAILS

Allen Price & Scarratts Pty Ltd is creating a mixed-use development at Culburra Road, Culburra Beach, New South Wales 2540 (Lots 5 & 6, DP 1065111), within the Shoalhaven Local Government Area (Figure 1). The proposed development will include creating a residential area, an industrial area, integrated housing lots and commercial spaces. The plan also features open space public reserves, biofiltration locations, water quality ponds and new road infrastructure to service the areas. The development areas will maintain the existing woodland reserve between the construction zones and the coastline.

The study area has been previously assessed as part of an Aboriginal Cultural Heritage Assessment Report (ACHAR) prepared in relation to a Planning Proposal for the area (RPS Australia East Pty Ltd 2019). A more detailed assessment of the study area was completed by Kamminga (2020) as part of the Land & Environment Court proceedings. The outcome of this assessment resulted in the Land & Environment Court placing multiple conditions regarding future developments in the area in regard to Aboriginal Cultural Heritage Sites.

Based upon these requirements, Austral Archaeology Pty Ltd (Austral) has been engaged by Allen Price & Scarratts Pty Ltd to conduct an Aboriginal Cultural Heritage Assessment (ACHA); this process will result in an application for an Aboriginal Heritage Impact Permit (AHIP) being made. Austral has also been engaged to prepare an Aboriginal Cultural Heritage Management Plan (ACHMP) as part of the ongoing management of the potential impacts to Aboriginal Cultural Heritage sites within the area.

This letter presents the proposed project information and initiates arrangements for the dissemination of further details to RAPs during the assessment process.

The location of the study area is outlined in Figure 1 and Figure 2.

IMPACT ASSESSMENT PROCESS

The following impact assessment process will be completed in accordance with the following guidelines:

- Consultation Requirements.
- *Code of Practice for Archaeological Investigations of Aboriginal Objects in NSW* (Department of Environment, Climate Change and Water 2010) (the Code).
- *Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW* (Office of Environment and Heritage 2011).

BACKGROUND RESEARCH

In addition to contacting the relevant Aboriginal and non-Aboriginal stakeholders, background research will include searches of public statutory and non-statutory heritage databases and research into relevant archives as an essential aid to determining the significance of the study area to local Aboriginal people.

The following database and register searches will be undertaken:

- A search of the Aboriginal Heritage Information Management System (AHIMS) database. This database lists known sites of archaeological and cultural significance to Aboriginal people. This will confirm the nature of any Aboriginal cultural values which may be present within the study area. This search will also highlight sites and places of significance in the immediate vicinity. This search may also provide previously produced reports or studies of relevance to this study.
- A search for items or places of Aboriginal significance on non-statutory heritage databases. These include the Register of the National Estate and the National Trust.
- A search of the Local Environmental Plan for Aboriginal heritage places or issues.
- A search for items or places of Aboriginal significance on statutory heritage databases. These include the National Heritage List and the State Heritage Register.

In addition to these database searches, research into the ethnographic, environmental, archaeological and Aboriginal historical context will also be undertaken. The results of this research will assist in determining the potential for Aboriginal archaeological and cultural material and places to be located within the study area.

The background research will need to be collated and précised into a succinct yet thorough literature review. This written work will form a vital part of subsequent methodological development and production of the final cultural heritage assessment report.

The ACHA and ACHMP prepared by Austral will build upon prior research within and adjacent to the study area conducted by Hughes (1983), (Kuskie 2012), (RPS Australia East Pty Ltd 2019) and (Kamminga 2020) and will consider the findings of previous reports within the study area and locality. The preparation of this ACHA will inform the preparation of the ACHMP, both of which will serve as standalone reports.

CONSULTATION WITH ABORIGINAL STAKEHOLDERS

The Aboriginal people of Australia are part of the oldest and continuous-living cultures in human history. Aboriginal people's cultural heritage is recognised and valued as a unique and essential component of the identity of all Australian people.

Aboriginal cultural heritage provides the essential links between the past and the present – it is a crucial part of Aboriginal people's cultural identity, connection and sense of belonging to Country.

The objective of community consultation is to ensure Aboriginal people have the opportunity to improve assessment outcomes by:

- Providing relevant information about the cultural significance and values of the Aboriginal objects and/or place.
- Influencing the design of the methodology to assess the cultural and scientific significance of Aboriginal objects and places.
- Actively contributing to the development of cultural heritage management options and recommendations for any Aboriginal objects and/or places within the proposed project area.
- Providing feedback and commenting on draft assessment reports before the proponent submits them to Heritage NSW.

This information pack forms part of the ongoing consultation with Aboriginal stakeholders, being Stage 2 of the Consultation Requirements, which requires consultants to present information about the proposed project to stakeholders. This will also be accompanied by a Stage 3 methodology document, which will thoroughly detail the proposed testing methodology.

Based on this project's size and complexity, information about the project will be disseminated in writing only.

INVESTIGATION OF ABORIGINAL OBJECTS AND / OR PLACES

The field survey will be conducted within the coming months and will involve Aboriginal Stakeholder(s). The archaeological survey of the study area will be undertaken in accordance with requirements 5 to 10 of the Code to identify any previously unknown Aboriginal objects, sites or places.

An archaeological testing program will be completed in accordance with requirements 14 to 17 of the Code under the guidance of an AHIP; this program will aim to collect information about the nature and extent of sub-surface Aboriginal objects. The testing program will contribute to an understanding of site characteristics and local and regional prehistory that can be used to inform mitigation measures for the project.

Further information on the methodology to be used for the archaeological survey and test excavation program will be presented as part of the Stage 3 documentation.

REPORTING

Austral will produce an ACHA that will include but not be limited to:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation
- Assessment of Archaeological Potential
- Archaeological Testing Analysis and Results
- Impact Assessment
- Conclusions and Management Recommendations

As part of Stage 4 of the Consultation Requirements, Aboriginal stakeholders will be provided with the draft ACHA for review and comment. Any comments and responses received by Austral or the proponent will be documented in the final ACHA. Austral will respond to all comments received and will outline how these have been considered and/or implemented as part of the final ACHA (DECCW 2010, p.6).

PROJECT SCHEDULE

To meet these objectives Heritage NSW has developed four stages of consultation which must be met for each cultural heritage assessment. There are several mandatory timeframes associated with the Consultation Requirements; these are summarised in Table 1 and Table 2.

Table 1 Statutory timeframes for consultation.

Stage	Timeframe
Stage 1: Notification of project proposal and registration of interest	14 days
Stage 2: Presentation of information about the proposed project	-
Stage 3: Gathering information about cultural significance.	28 days
Stage 4: Review of the draft cultural heritage assessment report.	28 days

Table 2 Project milestones, estimated completion dates and status.

Milestone	Statutory Timeframes (Days)	Completion dates	Status
Background research	-	25/07/2022	In Progress
Aboriginal consultation			

Milestone	Statutory Timeframes (Days)	Completion dates	Status
<i>Stage 1 - Notification of project proposal and registration of interest</i>	14	17/06/2022	Complete
Archaeological Survey	-	TBD	To be Completed
<i>Stage 2 - Presentation of information about the proposed project</i>	28	17/07/2022	In Process
<i>Stage 3 - Gathering information about cultural significance</i>	28	17/07/2022	In Process
ACHAR draft report	-	Week 9-12	To be Completed
<i>Stage 4 - Review of ACHAR by stakeholders</i>	28	TBD	To be Completed
ACHAR finalisation	-	TBD	To be Completed
Approval of AHIP to test			
Archaeological testing	-	TBD	To be Completed
Revised ACHAR draft and draft ACHMP			
<i>Stage 4 - Review of ACHAR and draft by stakeholders</i>			
Approval of AHIP to destroy	60	Post-Development Consent	To be Completed

ROLES, FUNCTIONS AND RESPONSIBILITIES

Section 5 of the Consultation Requirements outlines the roles and responsibilities of the parties that are typically involved in the consultation process. The roles, functions and responsibilities for this project are summarised in **Table 3**.

Table 3 Roles, responsibilities and functions of parties involved in the project.

Party	Roles, responsibilities and functions
RAPs	To provide cultural information and feedback on draft methodologies and the ACHA. To participate in meetings and workshops, and fieldwork, when invited.
Austral, on behalf of the proponent	Will consult with RAPs by supplying suitable project information and providing the opportunity for RAPs to provide input into the heritage management process.

As per the Consultation Requirements, Section 3.4 on page 9 states that “[c]onsultation should not be confused with employment”. In line with this, it is to be noted that the proponent is not obliged to employ any registered stakeholders for the fieldwork component of this project. However, all RAPs will be fully consulted as per the guidelines.

Table 4 outlines the feedback and input process offered to Aboriginal people for each stage of the consultation process.

Table 4 Feedback and input process for stages of the consultation process to be completed.

Stage	Expected feedback
2	Feedback on the project proposal including nature, scope and methodology. Raise any concerns about cultural perspectives or assessment requirements.
3	Contribute to culturally appropriate information-gathering and the research methodology. Provide information that will enable the cultural significance of

Stage	Expected feedback
	Aboriginal objects and/or places within the proposed project area. Have input into the development of any cultural heritage management options.
4	Provide feedback on any aspect of the draft ACHA report.

Should you have any questions or queries regarding the design or methods of construction relating to these works, contact information for the proponent is listed below:

Subject: 22054 - Stages 2 & 3 - West Culburra ACHA & CHMP

Good morning,

As a Registered Aboriginal Party (RAP), please find attached the documents containing the project information and methodology for the Aboriginal Cultural Heritage Assessment (ACHA) and Cultural Heritage Management Plan (CHMP) related to Culburra Road, Culburra Beach, NSW.

Please provide all comments and recommendations by close of business on **Friday 22 July 2022**.

If you have any issues or questions about the documents, please don't hesitate to contact Taylor Foster (Project Manager) on 0478 162 379.

Thank you for your participation.

Yours sincerely,

Carmen Baulch

**RE: STAGE 2: PROJECT INFORMATION FOR WEST CULBURRA
ABORIGINAL CULTURAL HERITAGE ASSESSMENT & ABORIGINAL
CULTURAL HERITAGE MANAGEMENT PLAN,
CULBURRA ROAD, CULBURRA BEACH, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the West Culburra project.

The following information is being provided to comply with Stage 2 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) [the Consultation Requirements]. This letter relates explicitly to sections 4.2.1 to 4.2.4 of the Consultation Requirements.

PROJECT DETAILS

Allen Price & Scarratts Pty Ltd is creating a mixed-use development at Culburra Road, Culburra Beach, New South Wales 2540 (Lots 5 & 6, DP 1065111), within the Shoalhaven Local Government Area (Figure 1). The proposed development will include creating a residential area, an industrial area, integrated housing lots and commercial spaces. The plan also features open space public reserves, biofiltration locations, water quality ponds and new road infrastructure to service the areas. The development areas will maintain the existing woodland reserve between the construction zones and the coastline.

The study area has been previously assessed as part of an Aboriginal Cultural Heritage Assessment Report (ACHAR) prepared in relation to a Planning Proposal for the area (RPS Australia East Pty Ltd 2019). A more detailed assessment of the study area was completed by Kamminga (2020) as part of the Land & Environment Court proceedings. The outcome of this assessment resulted in the Land & Environment Court placing multiple conditions regarding future developments in the area in regard to Aboriginal Cultural Heritage Sites.

Based upon these requirements, Austral Archaeology Pty Ltd (Austral) has been engaged by Allen Price & Scarratts Pty Ltd to conduct an Aboriginal Cultural Heritage Assessment (ACHA); this process will result in an application for an Aboriginal Heritage Impact Permit (AHIP) being made. Austral has also been engaged to prepare an Aboriginal Cultural Heritage Management Plan (ACHMP) as part of the ongoing management of the potential impacts to Aboriginal Cultural Heritage sites within the area.

This letter presents the proposed project information and initiates arrangements for the dissemination of further details to RAPs during the assessment process.

The location of the study area is outlined in Figure 1 and Figure 2.

IMPACT ASSESSMENT PROCESS

The following impact assessment process will be completed in accordance with the following guidelines:

- Consultation Requirements.
- *Code of Practice for Archaeological Investigations of Aboriginal Objects in NSW* (Department of Environment, Climate Change and Water 2010) (the Code).
- *Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW* (Office of Environment and Heritage 2011).

BACKGROUND RESEARCH

In addition to contacting the relevant Aboriginal and non-Aboriginal stakeholders, background research will include searches of public statutory and non-statutory heritage databases and research into relevant archives as an essential aid to determining the significance of the study area to local Aboriginal people.

The following database and register searches will be undertaken:

- A search of the Aboriginal Heritage Information Management System (AHIMS) database. This database lists known sites of archaeological and cultural significance to Aboriginal people. This will confirm the nature of any Aboriginal cultural values which may be present within the study area. This search will also highlight sites and places of significance in the immediate vicinity. This search may also provide previously produced reports or studies of relevance to this study.
- A search for items or places of Aboriginal significance on non-statutory heritage databases. These include the Register of the National Estate and the National Trust.
- A search of the Local Environmental Plan for Aboriginal heritage places or issues.
- A search for items or places of Aboriginal significance on statutory heritage databases. These include the National Heritage List and the State Heritage Register.

In addition to these database searches, research into the ethnographic, environmental, archaeological and Aboriginal historical context will also be undertaken. The results of this research will assist in determining the potential for Aboriginal archaeological and cultural material and places to be located within the study area.

The background research will need to be collated and précised into a succinct yet thorough literature review. This written work will form a vital part of subsequent methodological development and production of the final cultural heritage assessment report.

The ACHA and ACHMP prepared by Austral will build upon prior research within and adjacent to the study area conducted by Hughes (1983), (Kuskie 2012), (RPS Australia East Pty Ltd 2019) and (Kamminga 2020) and will consider the findings of previous reports within the study area and locality. The preparation of this ACHA will inform the preparation of the ACHMP, both of which will serve as standalone reports.

CONSULTATION WITH ABORIGINAL STAKEHOLDERS

The Aboriginal people of Australia are part of the oldest and continuous-living cultures in human history. Aboriginal people's cultural heritage is recognised and valued as a unique and essential component of the identity of all Australian people.

Aboriginal cultural heritage provides the essential links between the past and the present – it is a crucial part of Aboriginal people's cultural identity, connection and sense of belonging to Country.

The objective of community consultation is to ensure Aboriginal people have the opportunity to improve assessment outcomes by:

- Providing relevant information about the cultural significance and values of the Aboriginal objects and/or place.
- Influencing the design of the methodology to assess the cultural and scientific significance of Aboriginal objects and places.
- Actively contributing to the development of cultural heritage management options and recommendations for any Aboriginal objects and/or places within the proposed project area.
- Providing feedback and commenting on draft assessment reports before the proponent submits them to Heritage NSW.

This information pack forms part of the ongoing consultation with Aboriginal stakeholders, being Stage 2 of the Consultation Requirements, which requires consultants to present information about the proposed project to stakeholders. This will also be accompanied by a Stage 3 methodology document, which will thoroughly detail the proposed testing methodology.

Based on this project's size and complexity, information about the project will be disseminated in writing only.

INVESTIGATION OF ABORIGINAL OBJECTS AND / OR PLACES

The field survey will be conducted within the coming months and will involve Aboriginal Stakeholder(s). The archaeological survey of the study area will be undertaken in accordance with requirements 5 to 10 of the Code to identify any previously unknown Aboriginal objects, sites or places.

An archaeological testing program will be completed in accordance with requirements 14 to 17 of the Code under the guidance of an AHIP; this program will aim to collect information about the nature and extent of sub-surface Aboriginal objects. The testing program will contribute to an understanding of site characteristics and local and regional prehistory that can be used to inform mitigation measures for the project.

Further information on the methodology to be used for the archaeological survey and test excavation program will be presented as part of the Stage 3 documentation.

REPORTING

Austral will produce an ACHA that will include but not be limited to:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation
- Assessment of Archaeological Potential
- Archaeological Testing Analysis and Results
- Impact Assessment
- Conclusions and Management Recommendations

As part of Stage 4 of the Consultation Requirements, Aboriginal stakeholders will be provided with the draft ACHA for review and comment. Any comments and responses received by Austral or the proponent will be documented in the final ACHA. Austral will respond to all comments received and will outline how these have been considered and/or implemented as part of the final ACHA (DECCW 2010, p.6).

PROJECT SCHEDULE

To meet these objectives Heritage NSW has developed four stages of consultation which must be met for each cultural heritage assessment. There are several mandatory timeframes associated with the Consultation Requirements; these are summarised in Table 1 and Table 2.

Table 1 Statutory timeframes for consultation.

Stage	Timeframe
Stage 1: Notification of project proposal and registration of interest	14 days
Stage 2: Presentation of information about the proposed project	-
Stage 3: Gathering information about cultural significance.	28 days
Stage 4: Review of the draft cultural heritage assessment report.	28 days

**RE: STAGE 2: PROJECT INFORMATION FOR WEST CULBURRA
ABORIGINAL CULTURAL HERITAGE ASSESSMENT & ABORIGINAL
CULTURAL HERITAGE MANAGEMENT PLAN,
CULBURRA ROAD, CULBURRA BEACH, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the West Culburra project.

The following information is being provided to comply with Stage 2 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) [the Consultation Requirements]. This letter relates explicitly to sections 4.2.1 to 4.2.4 of the Consultation Requirements.

PROJECT DETAILS

Allen Price & Scarratts Pty Ltd is creating a mixed-use development at Culburra Road, Culburra Beach, New South Wales 2540 (Lots 5 & 6, DP 1065111), within the Shoalhaven Local Government Area (Figure 1). The proposed development will include creating a residential area, an industrial area, integrated housing lots and commercial spaces. The plan also features open space public reserves, biofiltration locations, water quality ponds and new road infrastructure to service the areas. The development areas will maintain the existing woodland reserve between the construction zones and the coastline.

The study area has been previously assessed as part of an Aboriginal Cultural Heritage Assessment Report (ACHAR) prepared in relation to a Planning Proposal for the area (RPS Australia East Pty Ltd 2019). A more detailed assessment of the study area was completed by Kamminga (2020) as part of the Land & Environment Court proceedings. The outcome of this assessment resulted in the Land & Environment Court placing multiple conditions regarding future developments in the area in regard to Aboriginal Cultural Heritage Sites.

Based upon these requirements, Austral Archaeology Pty Ltd (Austral) has been engaged by Allen Price & Scarratts Pty Ltd to conduct an Aboriginal Cultural Heritage Assessment (ACHA); this process will result in an application for an Aboriginal Heritage Impact Permit (AHIP) being made. Austral has also been engaged to prepare an Aboriginal Cultural Heritage Management Plan (ACHMP) as part of the ongoing management of the potential impacts to Aboriginal Cultural Heritage sites within the area.

This letter presents the proposed project information and initiates arrangements for the dissemination of further details to RAPs during the assessment process.

The location of the study area is outlined in Figure 1 and Figure 2.

IMPACT ASSESSMENT PROCESS

The following impact assessment process will be completed in accordance with the following guidelines:

- Consultation Requirements.
- *Code of Practice for Archaeological Investigations of Aboriginal Objects in NSW* (Department of Environment, Climate Change and Water 2010) (the Code).
- *Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW* (Office of Environment and Heritage 2011).

BACKGROUND RESEARCH

In addition to contacting the relevant Aboriginal and non-Aboriginal stakeholders, background research will include searches of public statutory and non-statutory heritage databases and research into relevant archives as an essential aid to determining the significance of the study area to local Aboriginal people.

The following database and register searches will be undertaken:

- A search of the Aboriginal Heritage Information Management System (AHIMS) database. This database lists known sites of archaeological and cultural significance to Aboriginal people. This will confirm the nature of any Aboriginal cultural values which may be present within the study area. This search will also highlight sites and places of significance in the immediate vicinity. This search may also provide previously produced reports or studies of relevance to this study.
- A search for items or places of Aboriginal significance on non-statutory heritage databases. These include the Register of the National Estate and the National Trust.
- A search of the Local Environmental Plan for Aboriginal heritage places or issues.
- A search for items or places of Aboriginal significance on statutory heritage databases. These include the National Heritage List and the State Heritage Register.

In addition to these database searches, research into the ethnographic, environmental, archaeological and Aboriginal historical context will also be undertaken. The results of this research will assist in determining the potential for Aboriginal archaeological and cultural material and places to be located within the study area.

The background research will need to be collated and précised into a succinct yet thorough literature review. This written work will form a vital part of subsequent methodological development and production of the final cultural heritage assessment report.

The ACHA and ACHMP prepared by Austral will build upon prior research within and adjacent to the study area conducted by Hughes (1983), (Kuskie 2012), (RPS Australia East Pty Ltd 2019) and (Kamminga 2020) and will consider the findings of previous reports within the study area and locality. The preparation of this ACHA will inform the preparation of the ACHMP, both of which will serve as standalone reports.

CONSULTATION WITH ABORIGINAL STAKEHOLDERS

The Aboriginal people of Australia are part of the oldest and continuous-living cultures in human history. Aboriginal people's cultural heritage is recognised and valued as a unique and essential component of the identity of all Australian people.

Aboriginal cultural heritage provides the essential links between the past and the present – it is a crucial part of Aboriginal people's cultural identity, connection and sense of belonging to Country.

The objective of community consultation is to ensure Aboriginal people have the opportunity to improve assessment outcomes by:

- Providing relevant information about the cultural significance and values of the Aboriginal objects and/or place.
- Influencing the design of the methodology to assess the cultural and scientific significance of Aboriginal objects and places.
- Actively contributing to the development of cultural heritage management options and recommendations for any Aboriginal objects and/or places within the proposed project area.
- Providing feedback and commenting on draft assessment reports before the proponent submits them to Heritage NSW.

This information pack forms part of the ongoing consultation with Aboriginal stakeholders, being Stage 2 of the Consultation Requirements, which requires consultants to present information about the proposed project to stakeholders. This will also be accompanied by a Stage 3 methodology document, which will thoroughly detail the proposed testing methodology.

Based on this project's size and complexity, information about the project will be disseminated in writing only.

INVESTIGATION OF ABORIGINAL OBJECTS AND / OR PLACES

The field survey will be conducted within the coming months and will involve Aboriginal Stakeholder(s). The archaeological survey of the study area will be undertaken in accordance with requirements 5 to 10 of the Code to identify any previously unknown Aboriginal objects, sites or places.

An archaeological testing program will be completed in accordance with requirements 14 to 17 of the Code under the guidance of an AHIP; this program will aim to collect information about the nature and extent of sub-surface Aboriginal objects. The testing program will contribute to an understanding of site characteristics and local and regional prehistory that can be used to inform mitigation measures for the project.

Further information on the methodology to be used for the archaeological survey and test excavation program will be presented as part of the Stage 3 documentation.

REPORTING

Austral will produce an ACHA that will include but not be limited to:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation
- Assessment of Archaeological Potential
- Archaeological Testing Analysis and Results
- Impact Assessment
- Conclusions and Management Recommendations

As part of Stage 4 of the Consultation Requirements, Aboriginal stakeholders will be provided with the draft ACHA for review and comment. Any comments and responses received by Austral or the proponent will be documented in the final ACHA. Austral will respond to all comments received and will outline how these have been considered and/or implemented as part of the final ACHA (DECCW 2010, p.6).

PROJECT SCHEDULE

To meet these objectives Heritage NSW has developed four stages of consultation which must be met for each cultural heritage assessment. There are several mandatory timeframes associated with the Consultation Requirements; these are summarised in Table 1 and Table 2.

Table 1 Statutory timeframes for consultation.

Stage	Timeframe
Stage 1: Notification of project proposal and registration of interest	14 days
Stage 2: Presentation of information about the proposed project	-
Stage 3: Gathering information about cultural significance.	28 days
Stage 4: Review of the draft cultural heritage assessment report.	28 days

Table 2 Project milestones, estimated completion dates and status.

Milestone	Statutory Timeframes (Days)	Completion dates	Status
Background research	-	25/07/2022	In Progress
Aboriginal consultation			

Milestone	Statutory Timeframes (Days)	Completion dates	Status
<i>Stage 1 - Notification of project proposal and registration of interest</i>	14	17/06/2022	Complete
Archaeological Survey	-	TBD	To be Completed
<i>Stage 2 - Presentation of information about the proposed project</i>	28	17/07/2022	In Process
<i>Stage 3 - Gathering information about cultural significance</i>	28	17/07/2022	In Process
ACHAR draft report	-	Week 9-12	To be Completed
<i>Stage 4 - Review of ACHAR by stakeholders</i>	28	TBD	To be Completed
ACHAR finalisation	-	TBD	To be Completed
Approval of AHIP to test			
Archaeological testing	-	TBD	To be Completed
Revised ACHAR draft and draft ACHMP			
<i>Stage 4 - Review of ACHAR and draft by stakeholders</i>			
Approval of AHIP to destroy	60	Post-Development Consent	To be Completed

ROLES, FUNCTIONS AND RESPONSIBILITIES

Section 5 of the Consultation Requirements outlines the roles and responsibilities of the parties that are typically involved in the consultation process. The roles, functions and responsibilities for this project are summarised in **Table 3**.

Table 3 Roles, responsibilities and functions of parties involved in the project.

Party	Roles, responsibilities and functions
RAPs	To provide cultural information and feedback on draft methodologies and the ACHA. To participate in meetings and workshops, and fieldwork, when invited.
Austral, on behalf of the proponent	Will consult with RAPs by supplying suitable project information and providing the opportunity for RAPs to provide input into the heritage management process.

As per the Consultation Requirements, Section 3.4 on page 9 states that “[c]onsultation should not be confused with employment”. In line with this, it is to be noted that the proponent is not obliged to employ any registered stakeholders for the fieldwork component of this project. However, all RAPs will be fully consulted as per the guidelines.

Table 4 outlines the feedback and input process offered to Aboriginal people for each stage of the consultation process.

Table 4 Feedback and input process for stages of the consultation process to be completed.

Stage	Expected feedback
2	Feedback on the project proposal including nature, scope and methodology. Raise any concerns about cultural perspectives or assessment requirements.
3	Contribute to culturally appropriate information-gathering and the research methodology. Provide information that will enable the cultural significance of

Stage	Expected feedback
	Aboriginal objects and/or places within the proposed project area. Have input into the development of any cultural heritage management options.
4	Provide feedback on any aspect of the draft ACHA report.

Should you have any questions or queries regarding the design or methods of construction relating to these works, contact information for the proponent is listed below:

**RE: STAGE 2: PROJECT INFORMATION FOR WEST CULBURRA
ABORIGINAL CULTURAL HERITAGE ASSESSMENT & ABORIGINAL
CULTURAL HERITAGE MANAGEMENT PLAN,
CULBURRA ROAD, CULBURRA BEACH, NEW SOUTH WALES**

To whom it may concern,

You are receiving this letter as a registered Aboriginal party (RAP) for the West Culburra project.

The following information is being provided to comply with Stage 2 of the *Aboriginal Cultural Heritage Consultation Requirements for Proponents 2010* (Department of Environment, Climate Change and Water NSW 2010) [the Consultation Requirements]. This letter relates explicitly to sections 4.2.1 to 4.2.4 of the Consultation Requirements.

PROJECT DETAILS

Allen Price & Scarratts Pty Ltd is creating a mixed-use development at Culburra Road, Culburra Beach, New South Wales 2540 (Lots 5 & 6, DP 1065111), within the Shoalhaven Local Government Area (Figure 1). The proposed development will include creating a residential area, an industrial area, integrated housing lots and commercial spaces. The plan also features open space public reserves, biofiltration locations, water quality ponds and new road infrastructure to service the areas. The development areas will maintain the existing woodland reserve between the construction zones and the coastline.

The study area has been previously assessed as part of an Aboriginal Cultural Heritage Assessment Report (ACHAR) prepared in relation to a Planning Proposal for the area (RPS Australia East Pty Ltd 2019). A more detailed assessment of the study area was completed by Kamminga (2020) as part of the Land & Environment Court proceedings. The outcome of this assessment resulted in the Land & Environment Court placing multiple conditions regarding future developments in the area in regard to Aboriginal Cultural Heritage Sites.

Based upon these requirements, Austral Archaeology Pty Ltd (Austral) has been engaged by Allen Price & Scarratts Pty Ltd to conduct an Aboriginal Cultural Heritage Assessment (ACHA); this process will result in an application for an Aboriginal Heritage Impact Permit (AHIP) being made. Austral has also been engaged to prepare an Aboriginal Cultural Heritage Management Plan (ACHMP) as part of the ongoing management of the potential impacts to Aboriginal Cultural Heritage sites within the area.

This letter presents the proposed project information and initiates arrangements for the dissemination of further details to RAPs during the assessment process.

The location of the study area is outlined in Figure 1 and Figure 2.

IMPACT ASSESSMENT PROCESS

The following impact assessment process will be completed in accordance with the following guidelines:

- Consultation Requirements.
- *Code of Practice for Archaeological Investigations of Aboriginal Objects in NSW* (Department of Environment, Climate Change and Water 2010) (the Code).
- *Guide to Investigating, Assessing and Reporting on Aboriginal Cultural Heritage in NSW* (Office of Environment and Heritage 2011).

BACKGROUND RESEARCH

In addition to contacting the relevant Aboriginal and non-Aboriginal stakeholders, background research will include searches of public statutory and non-statutory heritage databases and research into relevant archives as an essential aid to determining the significance of the study area to local Aboriginal people.

The following database and register searches will be undertaken:

- A search of the Aboriginal Heritage Information Management System (AHIMS) database. This database lists known sites of archaeological and cultural significance to Aboriginal people. This will confirm the nature of any Aboriginal cultural values which may be present within the study area. This search will also highlight sites and places of significance in the immediate vicinity. This search may also provide previously produced reports or studies of relevance to this study.
- A search for items or places of Aboriginal significance on non-statutory heritage databases. These include the Register of the National Estate and the National Trust.
- A search of the Local Environmental Plan for Aboriginal heritage places or issues.
- A search for items or places of Aboriginal significance on statutory heritage databases. These include the National Heritage List and the State Heritage Register.

In addition to these database searches, research into the ethnographic, environmental, archaeological and Aboriginal historical context will also be undertaken. The results of this research will assist in determining the potential for Aboriginal archaeological and cultural material and places to be located within the study area.

The background research will need to be collated and précised into a succinct yet thorough literature review. This written work will form a vital part of subsequent methodological development and production of the final cultural heritage assessment report.

The ACHA and ACHMP prepared by Austral will build upon prior research within and adjacent to the study area conducted by Hughes (1983), (Kuskie 2012), (RPS Australia East Pty Ltd 2019) and (Kamminga 2020) and will consider the findings of previous reports within the study area and locality. The preparation of this ACHA will inform the preparation of the ACHMP, both of which will serve as standalone reports.

CONSULTATION WITH ABORIGINAL STAKEHOLDERS

The Aboriginal people of Australia are part of the oldest and continuous-living cultures in human history. Aboriginal people's cultural heritage is recognised and valued as a unique and essential component of the identity of all Australian people.

Aboriginal cultural heritage provides the essential links between the past and the present – it is a crucial part of Aboriginal people's cultural identity, connection and sense of belonging to Country.

The objective of community consultation is to ensure Aboriginal people have the opportunity to improve assessment outcomes by:

- Providing relevant information about the cultural significance and values of the Aboriginal objects and/or place.
- Influencing the design of the methodology to assess the cultural and scientific significance of Aboriginal objects and places.
- Actively contributing to the development of cultural heritage management options and recommendations for any Aboriginal objects and/or places within the proposed project area.
- Providing feedback and commenting on draft assessment reports before the proponent submits them to Heritage NSW.

This information pack forms part of the ongoing consultation with Aboriginal stakeholders, being Stage 2 of the Consultation Requirements, which requires consultants to present information about the proposed project to stakeholders. This will also be accompanied by a Stage 3 methodology document, which will thoroughly detail the proposed testing methodology.

Based on this project's size and complexity, information about the project will be disseminated in writing only.

INVESTIGATION OF ABORIGINAL OBJECTS AND / OR PLACES

The field survey will be conducted within the coming months and will involve Aboriginal Stakeholder(s). The archaeological survey of the study area will be undertaken in accordance with requirements 5 to 10 of the Code to identify any previously unknown Aboriginal objects, sites or places.

An archaeological testing program will be completed in accordance with requirements 14 to 17 of the Code under the guidance of an AHIP; this program will aim to collect information about the nature and extent of sub-surface Aboriginal objects. The testing program will contribute to an understanding of site characteristics and local and regional prehistory that can be used to inform mitigation measures for the project.

Further information on the methodology to be used for the archaeological survey and test excavation program will be presented as part of the Stage 3 documentation.

REPORTING

Austral will produce an ACHA that will include but not be limited to:

- Introduction
- Planning Framework
- Aboriginal Background
- Site Analysis
- Maps and Site Plans etc.
- Aboriginal Stakeholder Consultation
- Assessment of Archaeological Potential
- Archaeological Testing Analysis and Results
- Impact Assessment
- Conclusions and Management Recommendations

As part of Stage 4 of the Consultation Requirements, Aboriginal stakeholders will be provided with the draft ACHA for review and comment. Any comments and responses received by Austral or the proponent will be documented in the final ACHA. Austral will respond to all comments received and will outline how these have been considered and/or implemented as part of the final ACHA (DECCW 2010, p.6).

PROJECT SCHEDULE

To meet these objectives Heritage NSW has developed four stages of consultation which must be met for each cultural heritage assessment. There are several mandatory timeframes associated with the Consultation Requirements; these are summarised in Table 1 and Table 2.

Table 1 Statutory timeframes for consultation.

Stage	Timeframe
Stage 1: Notification of project proposal and registration of interest	14 days
Stage 2: Presentation of information about the proposed project	-
Stage 3: Gathering information about cultural significance.	28 days
Stage 4: Review of the draft cultural heritage assessment report.	28 days

Table 2 Project milestones, estimated completion dates and status.

Milestone	Statutory Timeframes (Days)	Completion dates	Status

<i>Stage 3 - Gathering information about cultural significance</i>	28	17/07/2022	In Process
ACHAR draft report	-	Week 9-12	To be Completed
<i>Stage 4 - Review of ACHAR by stakeholders</i>	28	TBD	To be Completed
ACHAR finalisation	-	TBD	To be Completed
Approval of AHIP to test			
Archaeological testing	-	TBD	To be Completed
Revised ACHAR draft and draft ACHMP			
<i>Stage 4 - Review of ACHAR and draft by stakeholders</i>			
Approval of AHIP to destroy	60	Post-Development Consent	To be Completed

ROLES, FUNCTIONS AND RESPONSIBILITIES

Section 5 of the Consultation Requirements outlines the roles and responsibilities of the parties that are typically involved in the consultation process. The roles, functions and responsibilities for this project are summarised in **Table 3**.

Table 3 Roles, responsibilities and functions of parties involved in the project.

Party	Roles, responsibilities and functions
RAPs	To provide cultural information and feedback on draft methodologies and the ACHA. To participate in meetings and workshops, and fieldwork, when invited.
Austral, on behalf of the proponent	Will consult with RAPs by supplying suitable project information and providing the opportunity for RAPs to provide input into the heritage management process.

As per the Consultation Requirements, Section 3.4 on page 9 states that “[c]onsultation should not be confused with employment”. In line with this, it is to be noted that the proponent is not obliged to employ any registered stakeholders for the fieldwork component of this project. However, all RAPs will be fully consulted as per the guidelines.

Table 4 outlines the feedback and input process offered to Aboriginal people for each stage of the consultation process.

Table 4 Feedback and input process for stages of the consultation process to be completed.

Hi Carmen,

Guntawang Aboriginal Resources Inc would like to express an interest in the ACHA of both stages 2 and 3 of West Culburra.

Guntawang CEO and Sites Officers are Claimants of the South Coast People Native Title Claim. This land forms part of our song lines.

Guntawang has experienced site officers who have years of experience in identifying Aboriginal artefacts on sites work for archologists of similar sites.

Our preferred communication would be via email wenlissa01@hotmail.com and telephone (please see the details below)

Guntawang would like to be involved in the attendance of meetings and fieldwork we are also willing to view all documentation and provide feedback. If we are included in the project.

We look forward to working with you.

Warm regards

Wendy Morgan

22054 West Culburra ACHA Draft 20221220 TF+DWreview REDUCED.pdf

Good afternoon,

Please see attached the DRAFT ACHA for West Culburra for review as part of Stage 4 of the consultation process.

Feedback for this stage of consultation will close on COB **Tuesday 31st January 2023**. These dates have been adjusted to allow a grace period over the Christmas and New Year break.

We will also be organising an information session in the New Year that you are invited to attend. This will likely occur on site, around the 19th or 20th of January 2023. These dates are only indicative and will be confirmed in the New Year.

If you have any comments, please send a response to this email, or contact me on the details below.

22054 West Culburra ACHA Draft 20221220 TF+DWreview REDUCED.pdf

Good afternoon,

Please see attached the DRAFT ACHA for West Culburra for review as part of Stage 4 of the consultation process.

Feedback for this stage of consultation will close on COB **Tuesday 31st January 2023**. These dates have been adjusted to allow a grace period over the Christmas and New Year break.

We will also be organising an information session in the New Year that you are invited to attend.

This will likely occur on site, around the 19th or 20th of January 2023. These dates are only indicative and will be confirmed in the New Year.

If you have any comments, please send a response to this email, or contact me on the details below.

Kind regards,

Taylor Foster

Hi Taylor,

We would like to wish you a happy new year.

From our reading of the DRAFT ACHA for West Culburra. We would like to make a statement regarding the significance of the 2 ceremonial sites and Burial sites in the project area.

Guntawang would like to make a recommendation that any subdivision that is proposed for this location that no construction be built over the significant sites.

Non Aboriginal People would not develop over a cemetery without transferring the remains to another cemetery so we don't understand how or what converging of sites means?

Are you referring to the moving these sites into one area?

Can you please provide a clearer understanding of how many sites are going to be destroyed by converging?

Has there been identification of women and men sites in this project area due to the ceremonial ring?

We look forward to being included in this project.

Warm regards

Wendy Morgan

1. THE PROJECT

The study area consists of Lots 1, 2 and 3 DP1279350 (previously parts of Lots 5 and 6 DP 1065111), Culburra Road, Culburra Beach, New South Wales (NSW), located approximately 600 metres from the township of Culburra Beach, within the Shoalhaven Local Government Area (LGA).

The proposed development will include a combination of residential, commercial, and industrial areas as well as open space, bush land reserves, services and infrastructure to the development area. These activities include large scale excavation and ground leveling, and the installation of structures and amenities.

An ACHA has been undertaken which has identified the need for further investigation in the form of test excavation. Due to the potential for midden material to be identified within the study area, the testing program is proposed to be undertaken under an AHIP.

The draft ACHA has been sent to all registered parties on the 20th of December 2022, with feedback for this report closing on the 31st of January 2023. Following the inclusion of feedback received, the ACHA will be finalised and an AHIP application for test excavation will be submitted to Heritage NSW.

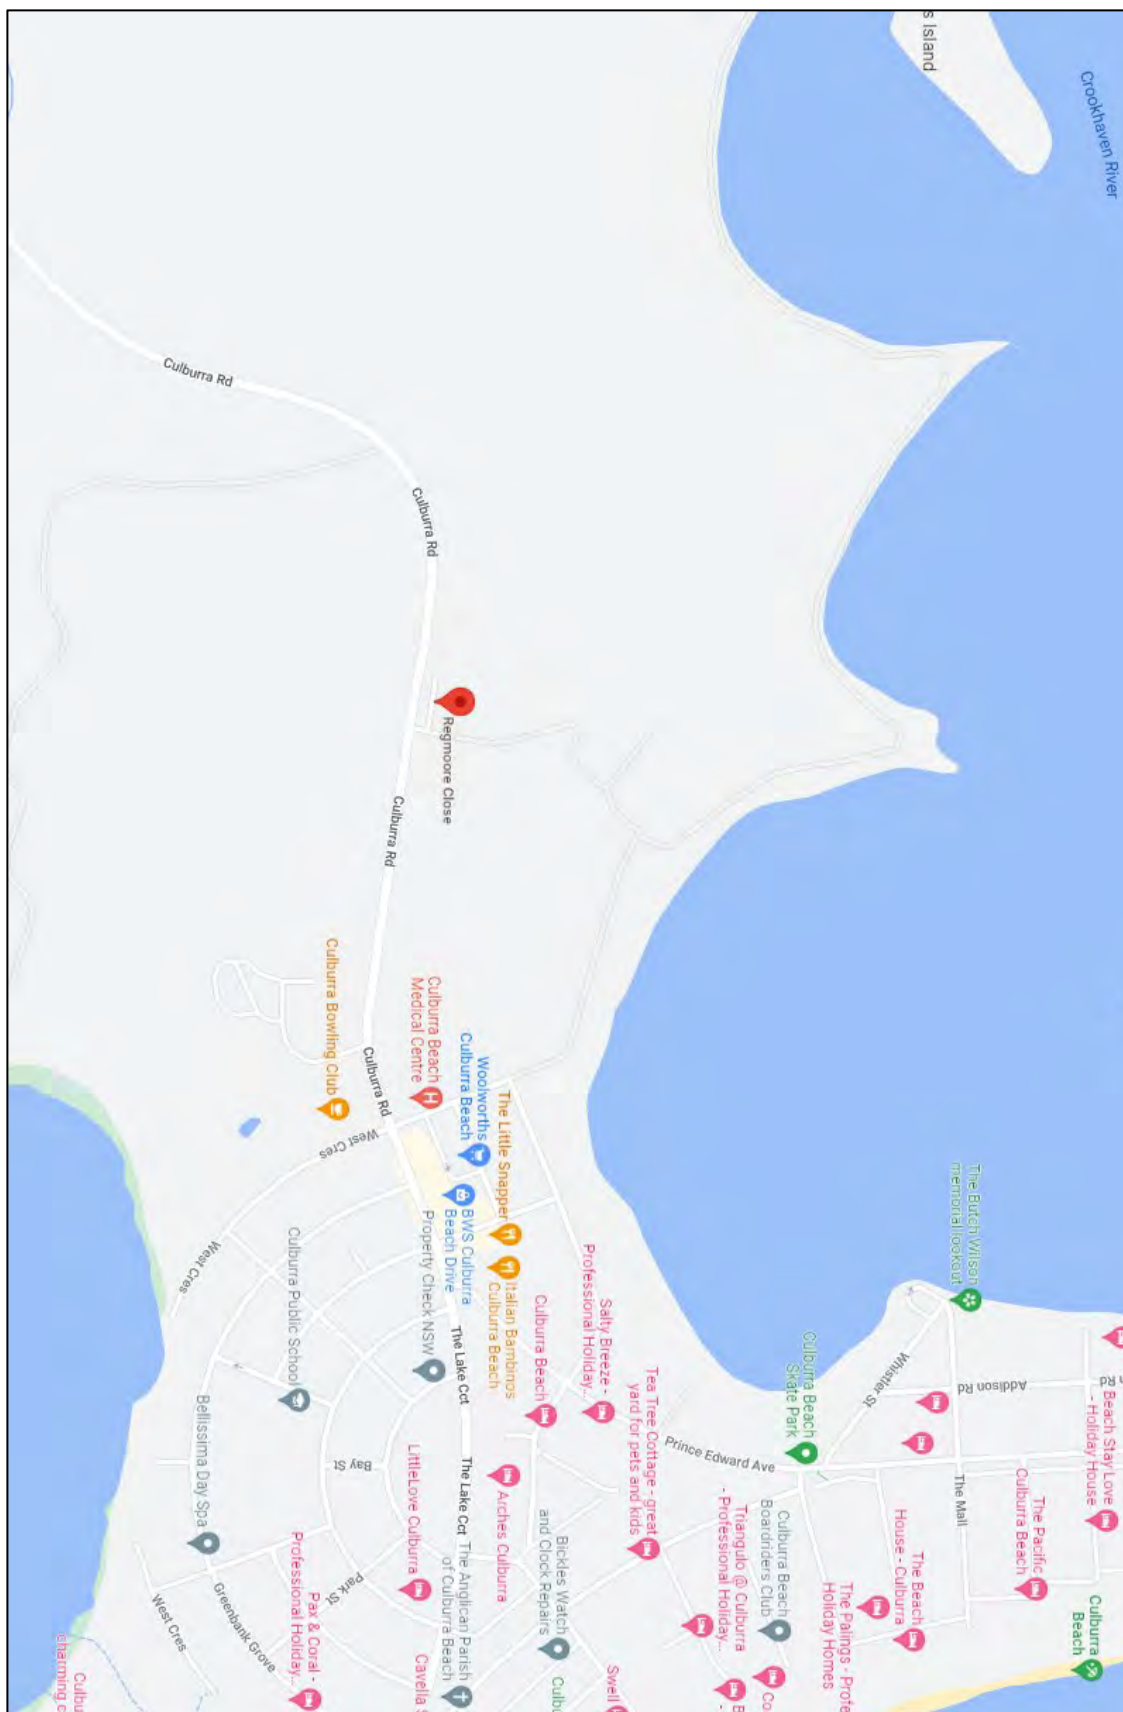

2. MEETING TIME AND LOCATION

- Meet on Thursday the 19th of January 2023, at 11:30am.
- Meeting location is Regmoore Close, near Culburra Road. This is between the two study areas (Figure 1).
- The location of the project area may require walking in proximity to Culburra Road. It is recommended that a high-visibility shirt or vest be worn. It is also recommended that mosquito repellent and a rain jacket/wet weather gear be brought.

3. AGENDA

The project information meeting will discuss the following agenda:

- Meet on Regmoore Close
- Acknowledge of traditional owners and introduction of meeting participants
- Project information general overview
- Outcomes of the ACHA
- Overview of the areas of potential and the proposed testing program (see Figure 2).
- From meeting location, invitees may walk to areas of potential and sites
 - We will begin in the western study area, by walking to the area of high potential labelled area 1. Access can be gained from Regmoore Close (Figure 3). Discussions will involve the proposed testing program and methodology.
 - Following discussion of testing on the west portion of the study area, meeting attendees will proceed to the potential midden site located within the east portion of the study area (labelled area 2), via Culburra Road (Figure 4). Discussion will continue surrounding the proposed testing program and methodology.
- Request for feedback on the ACHA or known heritage values of the area

Good afternoon,

Please see the attached ACHA for West Culburra. The methodology has changed since the draft ACHA was issued for review on 20 December 2022, and you are invited to review and comment on the methodology as it is presented in the ACHA at the link below. Feedback for this stage of consultation will close on **COB Friday 14th July 2023**, which provides 14 days for review. Please indicate if a longer review period is necessary. Please provide any comments or feedback to me on the details below.

Subject: 22054 West Culburra Revised ACHA for Review

Good afternoon,

Please see the attached ACHA for West Culburra. The methodology has changed since the draft ACHA was issued for review on 20 December 2022, and you are invited to review and comment on the methodology as it is presented in the ACHA at the link below. Feedback for this stage of consultation will close on **COB Friday 14th July 2023**, which provides 14 days for review. Please indicate if a longer review period is necessary. Please provide any comments or feedback to me on the details below.

RE: 22054 West Culburra Revised ACHA for Review

From Phil Khan <philipkhan.acn@live.com.au>

Date Fri 7/28/2023 5:23 PM

To Lindsay Costigan <lindsayc@australarch.com.au>

Hi Lindsay,

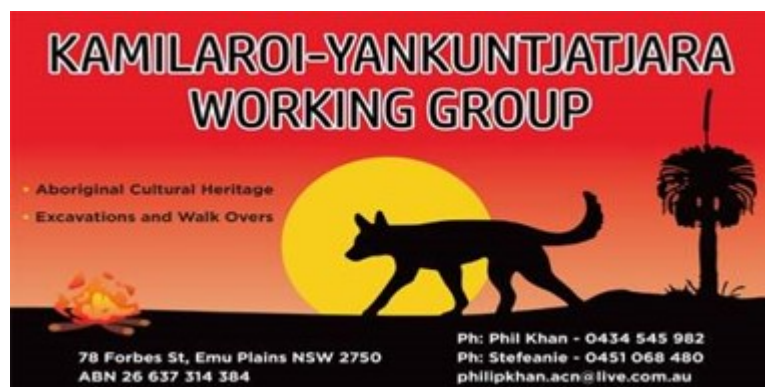

Thank you for your revised ACHA report, we would like to agree and support your recommendations regarding West Culburra. We look forward to working alongside you on this project.

Kind Regards

Phil Khan – Director

P 0434545982

2023 FIELDWORK PROGRAM: ENGAGEMENT AND LOGISTICS LIAISON

Upcoming Culburra West Test Excavation

From Taylor Foster <Taylorf@australarch.com.au>

Date Fri 14-Jul-23 12:03

To alfred.wellington@jerrinja.org.au <alfred.wellington@jerrinja.org.au>; jlalc17@gmail.com <jlalc17@gmail.com>; jlalc@bigpond.com <jlalc@bigpond.com>

 3 attachments (12 MB)

1.2 Aerial.pdf; 10.4 proposed pits with midden location detail.pdf; 10.3 proposed pits.pdf;

Good morning,

I am sending this email as we are hoping to begin the Culburra excavations around the date of the 31st of June 2023. This is a tentative start date to begin looking at resourcing for both the excavation and the vegetation clearing. We would like to engage 2 site officers from JLALC per day for at least 5 weeks of test excavation. We would also like to enquire as to the rates and availability for minor vegetation clearing in the northeast of the study area as discussed in the community meeting and methodology. The client would like to engage JLALC and Ronald Carberry's group for this activity, for anywhere between the 26/06/2023 and the 19/06/2023.

If you could please confirm the availability for 2 site officers for the testing program and inform me of rates and availability for the vegetation clearing as soon as possible that would be appreciated.

I have also attached maps of the study area and proposed test pits.

Kind regards,

Taylor Foster

Good afternoon,

I hope you're well. This is just a quick follow-up to a missed phone call from this afternoon.

I am sending this on behalf of Alex Beben (Director, Austral Archaeology). We were hoping to schedule a meeting about the cultural heritage management of the West Culburra ACHA site (Austral Ref: 22054). Are you available for a meeting on 31 January 2024? Currently we were looking at commencing at around 10:30am, pending everyone's availabilities (location to be confirmed).

Please let me know if you have any questions or concerns.

Have an excellent day.

Kind regards,

Jake Allen

Good morning,

I am reaching out to let you know about an upcoming meeting for the 22054 West Culburra ACHA and ACHMP. My apologies for the short notice, apparently the email and phone number I had on record were out of date. Just to confirm, what are your best contact details?

The client, Sealark Pty Ltd, has asked Austral to invite a representative of Jerrinja LALC to a meeting to discuss the project. The client has booked a room at Culburra Bowling Club, Cnr Prince Edward Ave & West Crescent, Culburra Beach NSW for **11am on Wednesday 31 January 2024**.

If you have any questions please do not hesitate to contact me. Otherwise, I hope to see you at the meeting.

Have an excellent day.

Hi Wendy,

I just wanted to send a quick update about the 22054 West Culburra meeting scheduled for 11am tomorrow, Wednesday 31 January 2024. We've confirmed that there should be video conferencing facilities tomorrow. I can shoot through a zoom meeting invitation tomorrow, once we have everything set up.

Have an excellent evening.

Kind regards,

Jake Allen

Hi Stefeanie,

I'm sorry to hear that, I hope everything is okay!

We've just gotten confirmation that the bowling club should have video conferencing capabilities. I understand that its short notice and you're probably busy, but we can send through a zoom invitation tomorrow morning if you would like, once we have everything set up. Alternatively, I'm happy to go with the original plan and send you a copy of the meeting minutes.

Kind regards,

Jake Allen

Hi Gary,

Good to talk to you earlier. As discussed, there should be video conferencing capabilities at the bowling club tomorrow. Our current plan is to send through an invitation once we have everything set-up.

I have spoken to Alex and he assures me there will do his best to get an agenda out before the meeting tomorrow.

Have an excellent evening.

Kind regards,

Jake Allen

Hi Gary,

Good morning. My apologies, I haven't heard from Alex as yet and I am just about to leave the office and won't be able to respond until just before the meeting, but I wanted to follow-up on yesterday. As I understand it, our itinerary for today is:

1. Update regarding the study area.
2. Discussion of excavation results.
3. Discussion on new sites being registered after the excavation.
4. Heritage management discussion and workshop.

If I don't receive an email beforehand, I will send a copy of the video conference link once we have the system set up.

Kind regards,

Jake Allen

To whom it may concern,

**RE: MEETING MINUTES -
ABORIGINAL CULTURAL HERITAGE STAKEHOLDER MEETING
FOR WEST CULBURRA, CULBURRA BEACH, NEW SOUTH
WALES**

This document is a summary of discussions pertaining to the cultural heritage stakeholder meeting for the West Culburra Aboriginal Cultural Heritage Assessment (ACHA) and Aboriginal Cultural Heritage Management Plan (ACHMP) project undertaken on 31 January 2024.

1.1 WELCOME

This meeting aims to:

- Provide stakeholders with an update on the project;
- Flesh out strategies for management of cultural values within the study area; and
- Facilitate installation of clear, strong, and robust management strategies.

Table 1 Meeting attendance.

Group	Representative	Medium
<i>Registered Stakeholders</i>		
Guntawang Aboriginal Resources Incorporated	Wendy Morgan	Online
Individual	Gary Caines	In Person
Jerrinja Tribe	Ronald Carberry	In Person
Thoorga Nura	Adrian Connelly	In Person
<i>Facilitators</i>		
Austral Archaeology Pty Ltd	Alexander Beben	In Person
Austral Archaeology Pty Ltd	Jake Allen	In Person
Sealark Pty Ltd	Matt Phillpot	In Person

2.1 PROJECT INTRODUCTION AND UPDATE

- The proposed works involve subdivision and construction of a mixed-use development: residential, commercial, and industrial.
 - This has been supported by the following reports:
 - ACHMP, in draft.
 - Anthropological Assessment, completed.
 - Pre-testing ACHA, completed.
 - Post-testing ACHA, in draft.
 - This project is on a State-Significant Development (SSD) pathway, approved 2021.
- Sealark acknowledges that Crown Lands may need to have a say in management approvals.
- The conditions of consent for this development are established by the Land and Environment Court.
 - Among these is the ACHMP.
- Following finalisation of the ACHA and ACHMP, the next steps involve going to Shoalhaven City Council for Development Application (DA) approvals.
 - Sealark intends to lodge DA by end of 2024.
 - Sealark has confirmed that this DA, and the wider project as a whole, is entirely within the current study area.
 - Remaining Halloran Trust lands managed by Sealark are intended to be classified as a 1000-hectare biodiversity stewardship site.
 - This includes 150-acres intended to be classified as a part of the Jervis Bay National Park.
 - Sealark has confirmed that they intend to classify a portion of the study as a foreshore reserve.
 - Jerrinja Tribe notes that they are pushing for due diligence to be implemented under the DA process.
 - This involves the establishment of a Shoalhaven regional cultural heritage map.

3.1 ACHA TESTING PROGRAM RESULTS

- A testing program undertaken between 7 August and 21 September 2023 involved testing of a 50-metre grid across the study area.
 - Excavated units were 500 millimetres × 500 millimetres.
 - Additional testing was undertaken to establish the extents of midden sites in proximity to the study area. This testing consisted involved excavation via auger, as well as the excavation of traditional testing pits.
 - Testing assessed all landforms within the study area.
- This program identified 17 total artefacts.
 - Overall site density was found to be much lower than anticipated.
 - Average density calculated at <1 artefact per square metre.
 - Highest pit density calculated between 1 and 2 artefacts per square metre.
 - Austral confirmed that these densities were not enough to justify further archaeological assessment of the study area.
 - Austral confirmed that no pits yielded enough potential artefacts to trigger pit expansion.
 - These 17 artefacts have been classified into 7 AHIMS sites. Austral notes that there were 7 AHIMS sites in the immediate vicinity of the study area prior to testing program, for a total of 14 listed sites.
 - As of 31 January 2024, the registration of these sites on AHIMS has not yet been finalised.
 - New sites consist of 3 artefact scatters and 4 isolated finds, all originating subsurface.
- Midden testing identified that the highest density midden sites are located outside the study area.
 - From the testing data, Austral concludes that flooding events and encroaching water levels are likely to have eroded or compressed midden materials, or accelerated the natural erosion of these sites.
 - Determined due to the shallow stratigraphy observed in proximity to Curley's Bay.
 - Austral notes that the units contained low-lying clays under a very-dark humic layer.
 - Jerrinja Tribe notes that the shoreline has come much closer to the midden sites over the last few decades.
 - Thoorga Nura notes that additional cultural materials may be present within the study area that have not been uncovered, either by testing or erosion.
 - In response to concerns raised by Gary Caines, individual, Austral confirmed that the Aboriginal Heritage Impact Permit (AHIP) to test the middens was obtained in order to allow as in-depth an analysis of these sites as possible. Austral is not aware of a way for the assessment of these features to have been more robust than the result achieved.

- Sealark confirmed that no European heritage values have been identified within the study area, and no European heritage management is planned.
 - Austral confirmed that their engagement is exclusively for the assessment and management of Aboriginal heritage values.
 - Gary Caines, individual, disagrees with this; states that cross-cultural and European heritage values should be considered.
- Sealark notes that the conditions of consent require an 18-month water quality assessment.
 - As of 31 January 2024, this assessment is ongoing.
- In response to concerns raised by Gary Caines, individual, Austral notes that the pre- and post-testing ACHAs focus on tangible heritage values. Intangible cultural values are assessed further in the Anthropological Assessment.
 - Austral confirms that the Anthropological Assessment will be attached as an appendix to the post-testing ACHA.
 - Austral and Sealark note that the Anthropological Assessment was not attached to the pre-testing ACHA in order to ensure that there was enough time for the assessment to be done properly.
- Jerrinja Tribe raised concerns of the impact of the development on the surrounding middens.
 - Austral notes that only one registered midden (AHIMS #52-5-1077) is within the development footprint.
 - Austral notes that the testing of this site found that the midden was confined to the existing vehicle access track; notes that the site may not be of Aboriginal origin. Austral acknowledges that there is evidence for and against this being a cultural midden.
 - Thoorga Nura notes that, due to distance from the foreshore, AHIMS #52-5-1077 may not be *in situ*.
 - Jerrinja Tribe disagrees with these conclusions, noting the condition of the shell materials and the proximity of the midden to creek lines associated with Curley's Bay.
 - Austral reiterates that the classification of the midden as cultural or non-cultural is the jurisdiction of the local Aboriginal community, not archaeologists.
 - Jerrinja Tribe requests the excavation, preservation, and interpretive signposting of AHIMS #52-5-1077.
 - Austral notes that this is more within the scope of cultural excavation, not scientific, and therefore no archaeologist is required to be present.
- Jerrinja Tribe note that, historically, traditional campsites in this area were along elevated landforms.
 - Jerrinja Tribe elaborates that the location of the midden sites relative to the ridgeline confirm this.

- Gary Caines, individual, raises that site management should consider both intangible and intangible values; voiced concerns that the development may lead to deculturalisation of the local Aboriginal community. Concludes that portions of the study area should be listed as an Aboriginal Place.
 - Sealark recommends the foreshore, citing location of middens.
 - Jerrinja Tribe supports this, raises this as a replacement to the original classification as a conservation zone.
 - Austral notes that registration of a site as an Aboriginal Place on AHIMS is usually done either in conjunction with the community, or by the community themselves; offers to facilitate the registration.
 - Austral notes that, given the findings of the Anthropological Assessment, the registration of the foreshore as an Aboriginal Place should be fairly straightforward.
- Jerrinja Tribe states that the best preservation strategy is education; requests installation of interpretive signage.
- In response to comments from Jerrinja Tribe and Thoorga Nura, Sealark confirms the ongoing survey of the study area as a viable means of keeping community discussions and management plans as current as practicable.
- Jerrinja Tribe requests ownership or stewardship of a portion of the 1000-acres of Halloran Trust lands, with the goal of regenerating the lands and establishing sustainable site management informed by 60,000+ years of cultural history.
 - Gary Caines, individual, notes the outcomes that this project may have on the Aboriginal Owners Research Project (AORP); cites statewide ramifications.
 - Sealark notes that, as a component of this project, they are undertaking a sustainability strategy with a focus on environmental sustainability.
 - This currently includes installation of water tanks and solar panels, as well as an affordable housing component (10% of residential housing to go to a community housing provider).
 - Sealark notes that the sustainability strategy could be amended to include a connection to country, including facilitating opportunities for indigenous employment.
- Gary Caines, individual, raised concerns over a lack of passive transit opportunities between Culburra Beach and Callala.
 - Sealark notes that some of this land is intended to form part of the 150-acres to the Jervis Bay National Park.
 - Jerrinja Tribe disagrees with the lands being classified as national parklands; raised alternative strategy that the land be given to local communities.
 - Sealark notes that the plan to classify the lands for national parks was part of Halloran's original plan, and that changes to this plan will require Halloran Trust board approval.
 - Sealark notes that land intended to be classified for offset is freehold.
 - Gary Caines, individual, requested that this be amended to include tenure; acknowledged that compromise would likely be necessary with regard to this.

- Guntawang Aboriginal Resources Incorporated voiced support for Group conclusions and management recommendations listed prior to this point.
 - “...People belong to the land, the land doesn’t belong to the people.” Wendy Morgan, Guntawang Aboriginal Resources Incorporated.

4.1 ANTHROPOLOGICAL ASSESSMENT CONCLUSIONS

- The assessment recommends that a regional cultural heritage management strategy, including a cultural landscape map and possible rezonings, be developed.
 - Jerrinja Tribe requests that a preliminary version of this map be completed for Sealark-managed lands.
 - Sealark confirms this should be achievable.
 - Group agrees with recommendation.
- The assessment recommends that future development favours land that is already disturbed.
 - Group agrees with recommendation.
- The assessment recommends that Aboriginal peoples are involved in the development of management plans for Crown Land.
 - Sealark provided vegetation management and management of midden sites as potential opportunities for this recommendation to be implemented.
 - Gary Caines, individual, requested further information on whether a jetty or moorings along Curley's Bay had been considered.
 - Sealark confirmed that these, as well as a raised walkway, had been considered as a part of the development; however, the Land and Environment court had vetoed these as components of the concept plan.
 - Jerrinja Tribe requested further information on what methods were planned to police potential residents accessing the foreshore and bay.
 - Sealark suggests installation of vehicle-proof fencing.
 - Jerrinja Tribe disagrees, states educating residents would be more effective. Suggests pamphlets be provided at sale of residential blocks detailing the Aboriginal cultural history of the site and surrounding area.
- The assessment recommends that Aboriginal peoples be supported to revisit midden sites across the local area.
 - Group agrees with recommendation.
- The assessment recommends that cultural interpretive signage be developed and installed in public spaces.
 - Group agrees with recommendation.
- The assessment recommends that built infrastructure and allocated names reflect Aboriginal cultural concepts.
 - Sealark suggests allocating names (i.e. street names) reflecting local Aboriginal concepts.
 - Jerrinja Tribe agrees with proposed action.
 - Gary Caines, individual, suggested dual naming of the estate through the Geographic Names Board.
 - Sealark notes that a final name for the development has yet to be confirmed, and that 'West Culburra' is only the interim project name during this development phase.
 - Group agrees with recommendation.

- The assessment recommends Aboriginal peoples be employed to assist in management of Sealark properties throughout the region, including: weed eradication, seed collection and propagation, etc.).
 - Group agrees with recommendation.
 - Jerrinja Tribe reiterates need for education, and for facilitating understanding.

5.1 ONGOING MANAGEMENT STRATEGIES

- Group raises that Halloran Trust Board should have an open dialogue with the local Aboriginal community.
- Austral notes that midden sites may be at-risk due to environmental impacts; raise whether management should prioritise access or preservation.
 - With regard to environmental impacts, Jerrinja Tribe agrees with prioritising access.
 - Jerrinja Tribe disagrees with idea of midden sites being hidden or disturbed; state that we should preserve and protect what remains, without interfering with natural processes.
 - Thoorga Nura agrees with Jerrinja Tribe statement.
 - Gary Caines, individual, disagrees with Jerrinja Tribe statement. Cited human impact on climate change.
 - With regard to environmental impacts, Gary Caines, individual, agrees with prioritising preservation.
 - Jerrinja Tribe raise that midden management should be undertaken by a management committee, including local Aboriginal stakeholders.
 - Jerrinja Tribe and Thoorga Nura raise monitoring as a component of the management strategy, state that strategy should be amended as new concerns become apparent or are found to have negligible impact.
 - Cite open dialogue between Aboriginal community, management committee, and Halloran Trust Board.
 - Austral confirm effectiveness of strategy in similar sites.
 - Sealark confirms that regular reviews of management policy, pending results of monitoring, is achievable.
- Jerrinja Tribe queries what organisation will manage or receive ownership of offset lands; further queries potential for local Aboriginal community to take ownership.
 - Sealark notes that current plan is for offset lands to go to Southern Cross. Notes that further discussions will need to involve Halloran Trust Board.

5.2 OUTCOMES

- AHIMS #52-5-1077 to be culturally excavated and removed to safe place by Jerrinja peoples, limiting impact of development on the site.
- Foreshore to be recorded and registered as an Aboriginal Place of significance to the Jerrinja Aboriginal community.
- Jerrinja site officers to be present during construction of blocks/ houses.
 - Incidental finds policy to be established.

Hi Stefanie,

I'm sorry to hear that, I hope everything is okay!

We've just gotten confirmation that the bowling club should have video conferencing capabilities. I understand that its short notice and you're probably busy, but we can send through a zoom invitation tomorrow morning if you would like, once we have everything set up. Alternatively, I'm happy to go with the original plan and send you a copy of the meeting minutes.

Kind regards,

Jake Allen

REISSUE OF FINAL ACHA AND ACHMP WITH APPENDICES

West Culburra | Aboriginal Cultural Heritage Assessment.

From Jake Allen <jakea@australarch.com.au>

Date Mon 25/11/2024 11:17

To Alfred Wellington <alfred.wellington@jerrinja.org.au>; admin@jerrinja.org.au <admin@jerrinja.org.au>

Cc Consultation <consultation@australarch.com.au>; Lindsay Costigan <lindsayc@australarch.com.au>; Alexander Beben <alexb@australarch.com.au>

Good morning,

I am writing at the request of Matt Phillpott of Sealark Pty Ltd, as our client for the West Culburra Aboriginal Cultural Heritage Assessment (ACHA) and Aboriginal Cultural Heritage Management Plan (ACHMP).

Let me start off by saying that we owe you an apology. I understand that there was a miscommunication owing to our shorthand for file naming conventions, and please rest assured we are working out the best way to resolve that — in light of text character restrictions — currently. The version we sent were reduced, meaning that we had compressed the file size, not redacted. We did not remove any information. However — owing to an administrative error our part — we did not realise that the reports had been sent without the appendices, or without reference to the Volume 2 and 3 documents. I do understand that this must have been frustrating for you, but I do want to say thank you for bringing this to our attention.

In light of all of this, please find the ACHA and appendices linked below. I have attached the compressed documents, although if you would prefer a copy of the original to be sure I would completely understand that.

 [22054 West Culburra ACHA2 FINAL reduced.pdf](#)

 [22054 West Culburra VOL2 Final reduced.pdf](#)

 [22054 VOL 3 Final V2 20241122 KOS.pdf](#)

You may note that the version history of these documents have been updated, as we did run an additional completeness check upon receiving your feedback.

If there are any questions or concerns with these documents, please do not hesitate to reach out.

Kind regards,

Jake Allen

Archaeologist

West Culburra-Aboriginal Advisory Group- Expressions of Interest FINAL.docx; Letter of Invitation.docx;

Dear Community Member,

We hope this email finds you well.

We are seeking expressions of interest from Aboriginal people with connections to the Jerrinja community and cultural knowledge of the West Culburra area to join our Aboriginal Advisory Group.

WHAT IS THIS ABOUT?

The West Culburra Aboriginal Advisory Group provides advice on Aboriginal cultural heritage and community development for the West Culburra Mixed Use Concept Plan (SSD3846) and Aboriginal Cultural Heritage Management Plan implementation.

YOUR ROLE WOULD INCLUDE:

- Advising on Aboriginal cultural issues related to the development
- Supporting Aboriginal Cultural Heritage Management Plan implementation
- Guiding community engagement in cultural activities and monitoring
- Contributing to cultural awareness training for workers
- Advising on culturally appropriate naming and design elements

WHAT WE OFFER:

- \$250 compensation per meeting
- 3-year term
- As required - estimate 1 meeting per month for the first few months then less frequently after that with a minimum of one meeting per annum
- Meaningful opportunity to protect Aboriginal cultural heritage

WHO WE'RE SEEKING:

Aboriginal people with:

- Demonstrated connection to the Jerrinja community
- Cultural knowledge of the West Culburra area
- Interest in cultural heritage management
- Strong interpersonal and leadership skills
- Ability to contribute constructively to group processes

IMPORTANT: This is an advisory role only - the group provides recommendations but does not have decision-making authority.

HOW TO APPLY:

Complete the attached Expression of Interest form and email it to:
consultations@immersivecountry.com.au by **12 September 2025**

QUESTIONS?

Contact Paul Knight at Immersive Country:

 paul.knight@immersivecountry.com.au

 0413 732 600

Your cultural knowledge and voice are essential to ensuring this development properly respects and celebrates Aboriginal heritage. We encourage all eligible community members to consider this important opportunity.

The Expression of Interest form is attached to this email.

Thank you for your time and consideration.

Respectfully,

Regards

Paul

IMMERSIVE COUNTRY - Experience Engagement Like Never Before - Values, Knowledge and Relationship - Enabling a better Community

I acknowledge the traditional and ongoing connection of the custodians of the lands on which we live and work and in particular the Dharawal and Yuin lands that my ancestors and I have enjoyed for millennia.

The customs, beliefs and values that are forever embedded in the natural landscapes give guidance to my practices and I embrace the ongoing development of these through collaboration, engagement and respect with all First Nations People.

GENERAL UPDATE & CONSULTATION MAINTENANCE

Good afternoon,

We are writing to you as a Registered Aboriginal Party for the West Culburra project that we are undertaking at Culburra Road, Culburra Beach, to provide you with an update on the status of the project.

At present, the project is continuing with a number of steps currently underway:

- A Modification to the Concept proposal is currently being assessed by the Department of Planning, Housing and Infrastructure.
- A Development Application for all the residential lots and the majority of the industrial lots is currently being assessed by Shoalhaven City Council.
- A number of smaller “early works” projects are underway and are either in DA preparation or assessment or in a detailed design phase.
- One “early works” project is currently being undertaken on site with mitigation measures being established on 13 April 2026; and
- Implementation of the Aboriginal Cultural Heritage Management Plan for the project is also occurring.

Our most recent community newsletter is attached and we will provide regular updates going forward on the project status.

In the meantime, should you wish to discuss any aspect of the project with us, please contact us on 9283 3399.

Regards,

Matt Philpott
Managing Director – Land and Development
Sealark Pty Limited

Sealark acknowledges the traditional custodians of the lands on which our business operates and recognises their continuing connection to land waters and communities.
We look forward to sharing in a common future.

West Culburra Development

An extension to the existing Culburra Beach township

SUMMER 2026 COMMUNITY UPDATE

The development application for stage one of our West Culburra project has been lodged with Shoalhaven City Council.

The development application (DA25/2276) proposes the Torrens Title subdivision of 244 low density residential lots, 13 industrial lots and two open space lots.

The DA seeks consent for the construction of the residential and industrial precincts under the approved concept plan.

It also includes the construction of an internal road network with new roundabouts and upgraded intersections, civil and landscaping works, and supporting infrastructure including stormwater management, sewer, water, electrical and telecommunications.

Affordable Housing Strategy

The stage one DA proposes the start of our affordable housing strategy. We will gift land to a tier-1 Community Housing Provider to build and manage the affordable housing component of the development. Affordable housing will comprise a minimum of 10% of the homes once the development is complete.

Spaces to Meet and Relax

The open space at West Culburra has been designed as a multifunctional community hub, integrating recreation, nature and cultural elements. A village green proposes to serve as a central space providing opportunities for community events, while new water quality basins with native riparian species will protect water quality while supporting biodiversity and providing a beautiful outlook.

It is proposed that these will be complemented by play equipment, space for ball games, seating, interpretive signage and shelter, an amenities building with baby change facilities, loop path, public art sculptures and more.

Future Stages of the Development

Future stages of the West Culburra development including the town centre precinct, which will integrate the medium density homes, commercial and retail premises, and further infrastructure, will be subject to separate DAs.

The DA was on public exhibition by Shoalhaven City Council until 19 December 2025.

Submissions are now available for viewing via Council's website. Many of the issues raised in the submissions are addressed in the technical reports that accompany the application.

- Flora and fauna: Biodiversity Development Assessment Report, Ecological Australia
- Water quality: Integrated Water Cycle Management Strategy, Martens
- Traffic management: Residential and Industrial Precincts Transport Impact Assessment, Stantec

Council is completing their assessment and then the application will be referred to a Planning Panel for determination.

SUMMER 2026 COMMUNITY UPDATE

Early works DAs

In addition to the stage one DA, a series of early works DAs have been submitted to Shoalhaven City Council for preliminary work needed to progress the project while the more complex DA was being prepared. See further detail in the table below.

DA #	Description	Status
DA24/1514	Construction of utility installations and mitigation measures in the form of sedimentation and erosion controls at Regmoore Close	Approved 7/4/2025
DA24/1732	Connection of services and associated works	Approved 15/5/2025
DA24/1759	Realignment of water mains, erection of new boundary fence and soil erosion and sedimentation controls	Approved 15/5/2025
DA25/1591	Realignment of utilities and services including associated works	Approved 15/1/26
DA25/1608	Construction of low-pressure sewer rising main	Approved 16/1/2026
DA25/2661	Construction of a roundabout, subdivision access, bioretention basin, services realignment and environmental mitigation measure	Being assessed
DA25/2081	Six Lot Torrens Title subdivision and vegetation management works	Being assessed
DA25/2325	Construction of a roundabout	Being assessed

Scan the QR code to visit Council's DA tracker. Search for DA number eg DA25/2276, to read the DA documentation.

State Significant Development

A modification to the approved State Significant Development (SSD3846-MOD 1) is being assessed by the NSW Department of Planning, Housing and Infrastructure (DPHI) following its public exhibition in 2025. Community and agency submissions have been reviewed and a detailed response to issues raised has been provided to DPHI. The response has also refined the modifications sought and will be further assessed by DPHI.

Reports and studies

All reports relating to water quality management, aquaculture, ecological impacts, biodiversity, traffic, bushfire and all other required reports are up to date and have been completed, or are being undertaken, in accordance with all relevant authorities and legislation.

These reports are freely available on the Sealark website. Additionally, it is important to note that the Stage 1 DA proposes significant new infrastructure and existing infrastructure improvements to deliver enhanced outcomes to current and future residents.

Aboriginal Advisory Group

The West Culburra Aboriginal Advisory Group has been established, with the first meeting held in November 2025. The AAG will oversee and assist with the implementation and oversight of the West Culburra Aboriginal Cultural Heritage Management Plan.

Land sales

Thank you to those who have contacted us with interest in purchasing land at West Culburra. We anticipate launching land sales in 2028, pending determination of the Stage 1 DA and the progress of early works.

We will ensure people have plenty of opportunity to participate but in the meantime, you can contact us at culburra@sealark.com.au and follow us on Facebook to stay up to date with progress.
