Re: Menangle Sand and Soil Quarry (DA85/2865) - management plans

Dear Nagindar,

As you are aware, EMM Consulting is assisting Menangle Sand and Soil with the preparation of management plans for the Menangle Sand and Soil Quarry.

This letter requests an extension to submit the following:

- Draft Vegetation Management Plan to the Department to 28 May 2021; and
- Updated Environmental Management Strategy to 1 June 2021.

The status of each draft management plan and the proposed submission timing is summarised in Table 1.

Table 1 Menangle Sand and Soil management plan status

Document	Condition	Consultation requirement ¹	Status	Submission
Environmental Management Strategy	D1	-	The Department requested that the missing information in Section 6.2.1 and Table 6.1 be provided. The missing information is the monitoring summary for the following environmental aspects: • air quality; • biodiversity; and • rehabilitation. It is proposed to update this information following the submission of the BRMP.	Request extension to submit updated EMS to DPIE by 1/6/21.
Native Vegetation Identification Report (NVIR)	A11	-	Appendix to BRMP (see below).	-
Soil and Water Management Plan (SWMP)	B36; B36 (b)	EPA DPIE- Water/NRAR	EPA indicated that they will not be providing specific comments on the SWMP. SWMP submitted to DPIE-Water for review on 24/3/21 (through Major Projects Portal), on 29/3/21 (general DPIE-Water email address) and again on 8/4/21 (through Major Projects Portal/DPIE Assessment branch). We understand that DPIE has sent the SWMP to NRAR with a request for their comments.	Update and submit SWMP based on DPIE-Water/NRAR comments received.

Table 1 **Menangle Sand and Soil management plan status**

Document	Condition	Consultation requirement ¹	Status	Submission
Surface Water Management Plan	B36; B36 (c) (ii)	See SWMP	See SWMP	See SWMP
Groundwater Management Plan	B36; B36 (c) (iii)	See SWMP	See SWMP	See SWMP
Biodiversity and Rehabilitation Management Plan (BRMP)	B73; B73 (b)	BCD Wollondilly Shire Council Campbelltown City Council	The BRMP preparation is 95% complete. The draft plan will be sent to BCD and the Councils for review.	Draft plan to be provided to BCD and the Councils by 28/5/21. Update and submit BRMP based on comments received.
Biodiversity Offset Strategy ³	B67; B68; B69	See BRMP.	See BRMP.	See BRMP.
Vegetation Management Plan (stages 6 and 7)	B80; B81; B82	-	Forms Chapter 6 of the BRMP as it is seen to be integral to the management of biodiversity during the life of the quarry and needs to form part of the closure considerations for the quarry. The plan is 95% complete but finalisation is pending completion of the other BRMP sections. The consent does not formally require consultation in regards to the VMP.	Request extension to submit to DPIE by 28/5/21.

1. Excluding consultation with DPIE.

The status of the management plans that have been approved, or that will be submitted during a later quarry stage, is summarised in Table A.1 attached to this letter.

We trust that this information assists, but of course please let me know if there any further information that you require.

Yours sincerely

Philip Towler
Associate Director
ptowler@emmconsulting.com.au

Table A.1 **Menangle Sand and Soil approved management plans**

Document	Condition	Consultation requirement ¹	Status	Submission
Early Works Construction Environmental Management Plan ¹	B1	-	It is not proposed to prepare this plan.	-
Noise Management Plan (NMP)	B7; B7 (b)	EPA	Plan approved by DPIE.	-
Air Quality Management Plan (AQMP)	B14; B14 (b)	EPA	Plan approved by DPIE.	-
Flood Management Plan	B32	-	Plan approved by DPIE.	-
Early Works Construction Environmental Management Plan ¹	B1	-	It is not proposed to prepare this plan.	-
Ephemeral Creek Management Plan ²	B40	-	To be prepared/approved prior to quarrying operations in Area 8E, 8F or 8G.	In future years.
Traffic Management Plan (TMP)	B55; B55 (b)	TfNSW Wollondilly Shire Council Campbelltown City Council	Plan approved by DPIE.	-
Aboriginal Cultural Heritage Management Plan (ACHMP)	B62; B62 (b)	Heritage NSW	Plan approved by DPIE.	-
Linear infrastructure impact assessment report	B65; B66	-	Not required as it is not proposed to construct any linear infrastructure.	-
