Dear Mr Lock

**Block 4B Central Park - Adaptive Reuse (SSD-9374)
Request for Additional Information**

I refer to your State significant development (SSD) application for the adaptive reuse of the Brewery Yard Building (Block 4B), Central Park (SSD-9374). After careful consideration, the Department requires additional information to progress your application.

I note the subject application relies on modifications to the concept approval MP06_0171 including changes to the gross floor area and building height. You are therefore requested to submit a modification request to the concept approval, which will be considered currently with your SSD application.

You are requested to provide the modification request to the Department by **Friday 20 September 2019**. If you are unable to provide the modification request within this timeframe, you are requested to provide, and commit to, a timeframe detailing the provision of this information.

If you have any questions, please contact James Groundwater, who can be contacted on 8289 6778 at james.groundwater@planning.nsw.gov.au.

Yours sincerely,

A handwritten signature in black ink that reads 'Amy Watson'.
