

Ms Sarah Kelly  
Principal Planner  
Department of Education  
Level 8, 259 George Street  
SYDNEY NSW 2000

31/08/2021

Dear Ms Kelly

**Budawang School for Specific Purposes (SSD-8845345)**  
**Request for additional information**

I refer to assessment for the Budawang School for Specific Purposes (SSD-8845345). The Department requires the following additional information to allow the assessment of the application to proceed:

- Updated landscaping plans and a clear description of what plans are being replaced in the current submission. The description must include complete document reference and revision details where relevant.
- Further clarity around the construction methods and construction site. The submitted documents do not clearly delineate the construction zone and whether some of the remainder of the site outside the 'Budawang School Boundary' will be used for construction activities. The draft Construction Traffic Management Plan shows the use of the existing road onsite to the south of the project boundary. It is noted that an existing telecommunications easement and vegetation surround the site. You are required to clarify whether the remainder of the site would be used for construction parking and/or stockpiling and to assess any associated environmental impacts.

Please provide the information, or notify us that the information will not be provided, by Friday 10 September 2021.

If you have any questions, please contact Gabriel Wardenburg, on 9585 6810 or at [gabriel.wardenburg@planning.nsw.gov.au](mailto:gabriel.wardenburg@planning.nsw.gov.au).

Yours sincerely,
