Dear Mr Swan

**Huntlee - Stage 1 Modification 14 (MP 10_0137 MOD14)
Request for Additional Information**

I refer to the proposed modification to the project approval at Huntlee Stage 1 (MOD 14). Further to our correspondence dated 6 June 2021, the Department requests the following information:

- An assessment of the proposal under the former planning provisions, to consider whether there is likely to be a significant impact on threatened species, populations or ecological communities or their habitats in accordance with the now repealed section 5A of the EP&A Act, known as the 7-part test. Depending on the outcome of a 7-part test (which would typically be via a flora and fauna assessment prepared by a suitably qualified person), a species impact statement (SIS) may also be required.

Please provide the information, or notify us that the information will not be provided, by **30 September 2021**. If you cannot meet this deadline, please provide and commit to an alternative timeframe for providing this information.

If you have any questions, please contact Emma Butcher on (02) 8289 6607 or at emma.butcher@planning.nsw.gov.au.

Yours sincerely,

Keiran Thomas
