We refer to your letter requesting additional information dated 1 December 2021. A response to your request is provided below.

Department of Planning, Infrastructure and Environment	
Timeframe to Complete Stage 2 and 3 Works.	The Stage 2 Occupation Certificate is expected to be issued on 20 December 2021, resolving the timing concerns for that stage.
Based on comments from TfNSW, the Department would like you to provide a realistic timeframe within which the works can be completed early next year.	Based on the discussions with TfNSW, the school is assuming a worst-case scenario of a 18 weeks construction program. The revised date of completion is therefore sought for 30 May 2022.
Student Drop-Off and Pick-Up Location	Changes to the PUDO arrangements do not form part of this modification application. Should changes to the consent as relevant to the PUDO be required, these will form a separate application, as required.

Should you have any queries about this matter, please do not hesitate to contact me on 0411047748 or cmcgillick@ethosurban.com.

Yours sincerely,

Chris McGillick
Associate Director, Planning
