Dear Mr Perera

Unanderra Liquid Waste Treatment Facility (SSD-8304)  
**Request for additional information**

I refer to the Response to Submissions (RtS) for the Unanderra Liquid Waste Treatment Facility (SSD-8304) dated December 2021.

You are requested to respond to all issues raised by public authorities in their review of the RtS. The submissions received by the Department of Planning and Environment (the Department) to the RtS are available on the Major Projects website at: <https://www.planningportal.nsw.gov.au/major-projects/project/10551>. Please note that the Department is awaiting advice from the NSW Environment Protection Authority (EPA), Fire and Rescue NSW and Sydney Water and any further advice will be forwarded to you once reviewed.

The Department notes Wollongong City Council's (Council) comments in relation to flooding and for potential run-off impacts on adjoining properties as the result of flood or stormwater from the development. The Department requests that the Applicant address these comments in your submissions report.

The Department may also have additional comments that you will be required to address in your submissions report. These comments will be provided under separate cover shortly.

Please provide the information or notify us that the information will not be provided, by Friday, 11 March 2022. If you cannot meet this deadline, please provide and commit to an alternative timeframe for providing this information.

If you have any questions, please contact Rebecka Groth, on 82751723 or at [rebecka.groth@dpie.nsw.gov.au](mailto:rebecka.groth@dpie.nsw.gov.au).

Yours sincerely,
