Dear Rebecka,

Unanderra Liquid Waste Treatment Facility (SSD- 8304) - Request for Additional Information to Agency Submissions – Response to Submissions Report.

This letter constitutes a Response to Submissions Report in response to the request from the Department of Planning and Environment (DPIE) dated 10 February 2022 to provide comment on the comments/conditions of consent from Wollongong City Council (Council) dated 2 February 2022, conditions from the Environment Protection Authority (EPA) dated 17 February 2022, and further comments/ conditions from Fire & Rescue NSW dated 14 March 2022 and comments /conditions from Sydney Water dated 11 March 2022 on the proposed Liquid Waste Treatment Plant (LWTP) at the DGL facility at Unanderra.

I met with the Applicant, DGL, to review the submissions and DGL finds the draft conditions of consent acceptable and achievable to implement on the subject site as part of the LWTP Project. DGL's detailed response is included in Table 1.0 in Attachment A.

I hope that this satisfies the DPIE's request, if you wish to discuss this matter further, please contact me on 0418 616 443 or email wendy@planningplus.net.au.

Yours faithfully

Wendy Todd
Principal Town Planner
