Dear Mr Graham

Hanson Tweed Sand Plant Expansion Project (SSD 10398)
Request for additional information

I refer to the Response to Submissions (RtS) for the Hanson Tweed Sand Plant Expansion Project (SSD-10398). The Department provided the RtS to the Biodiversity Conservation Division (BCD) for comment. Advice on the RtS from BCD was received on 3 December 2021 (refer to Attachment A).

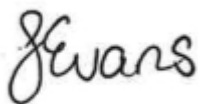

The Department is requesting that you provide the following additional information that effectively addresses the issues in Attachment A:

- An updated rehabilitation strategy for the site having regard to the key principles of the *Strategic Framework for Mine Closure*;
- An updated description of how the site would be restored to a viable self-sustaining ecosystem; and
- An updated Biodiversity Development Assessment Report that identifies all offsets required for the project and any staged delivery of offset requirements.

Please provide the information, or notify us that the information will not be provided, by Tuesday 15 March 2022. If you cannot meet this deadline, please provide and commit to an alternative timeframe for providing this information.

If you have any questions, please contact James McDonough, on 0295856313 or at james.mcdonough@dpie.nsw.gov.au.

Yours sincerely,

Jessie Evans
