Dear Mr Kasby

**Bowmans Creek Wind Farm (SSD-10315)
Request for additional information**

I refer to the assessment of the Bowmans Creek Wind Farm (SSD-10315). The Department is requesting that you provide additional information to assist in the assessment of the application:

- **Biodiversity** - address the following matters in consultation with Biodiversity and Conservation Services:
 - assess potential impacts on the threatened flora species *Cymbidium canaliculatum*, ensuring targeted surveys meet the relevant guidelines, or where surveys are not possible, the assumed presence technique should be applied, or an expert report should be prepared; and
 - provide additional information on the assessment of Matters of National Environmental Significance.
- **Visual** - update the project figures to identify any updated Associated and Non-associated receivers (and include local roads).

In accordance with the Department's previous request for additional information dated 15 October 2021, please also provide:

- **Traffic** - Agreement to scope of road works: confirm each of the relevant road authorities agree to the schedule of road works outlined in the Additional Information, or works as otherwise agreed.
- **Other** - Landowners Consent: provide landowners consent for all land (including Crown Land) proposed to be developed, including road works, road crossing(s), cabling, transmission lines and all project related infrastructure (including a clear list cross-referencing all lots).

The Department requests that the additional information be provided by Friday 1 April 2022.

If you have any questions, please contact Iwan Davies, on 02 9274 6296 or at iwan.davies@planning.nsw.gov.au.

Yours sincerely,
