Attachment A

Crown land

Section 1.6 of the RtS states that Hanson propose to purchase the Crown road that traverses Lot 2 DP574308. The Department understands that Hanson propose to complete this purchase post-approval.

Under section 49 of the *Environmental Planning and Assessment Regulation 2000* (EP&A Regulation), a State Significant Development application that is proposed on Crown land must be accompanied by evidence that the owner of the land has consented to the application.

The Department notes that the owner of this land is the Crown and that the Department of Planning and Environment – Crown Lands has the authority to grant Minister's consent as landowner under the *Crown Land Management Act 2016*.

The Department requests that you provide evidence of landowner's consent for Lot 2 DP574308. The Department is unable to determine the application until such evidence has been provided.
