Dear Mr Perera

**Unanderra Liquid Waste Treatment Facility (SSD-8304)
Request for additional information**

I refer to the EIS for the Unanderra Liquid Waste Treatment Facility (SSD-8304).

The EIS advises there are existing consents on-site, being DA-2007/1572 and DA-2003/1717/A. The EIS further notes that in the event the current proposal is approved (SSD-8304), the existing consents will be surrendered, and the entire site will operate under one consent (SSD-8304).

The Department has reviewed Wollongong City Council's DA tracker and notes, according to Council's available records, there are multiple DAs registered on the site (attached).

The Department requests the Applicant confirm which DAs are relevant to the ongoing operation of the site. Where appropriate, please also provide copies of the relevant consents and a brief explanation of why the remaining consents are not relevant.

Please provide the information or notify us that the information will not be provided, by Tuesday 19 April 2022. If you cannot meet this deadline, please provide and commit to an alternative timeframe for providing this information.

If you have any questions, please contact Rebecka Groth, on 82751723 or at rebecka.groth@dpie.nsw.gov.au.

Yours sincerely,
