Mr David Gibson
Team Leader Social Infrastructure Assessments
Department of Planning, Industry and Environment
4 Parramatta Square – 12 Darcy Street
PARRAMATTA NSW 2150

Via email to: Nathan.stringer@planning.nsw.gov.au

Dear Mr Gibson

I write with reference to your correspondence of 30 May 2022 issued by the Department of Planning, Industry and Environment following the assessment of the Lang Walker AO Medical Research Building – Macarthur (SD-17491477).

Campbelltown Hospital has subsequently undertaken a review of accessible car parking spaces across the campus that included consideration of the future Lang Walker AO Medical Research Building.

This letter confirms that NSW Health is agreeable to the loss of one overall car parking space in CP8 to accommodate the relocated accessible parking spaces and the dedicated use of these accessible spaces by occupants of the Lang Walker AO Medical Research Building.

Should you have any questions or require additional information, please do not hesitate to contact Mr Chris Skeggs on 0404 020 553 or chris.skeggs@health.nsw.gov.au

Regards

Grant Isedale
General Manager
Camden & Campbelltown Hospitals
