Subject: Rushes Creek Poultry Production Farm Mod-3 Submissions Report

Dear Mr Williams

I refer to the Rushes Creek Poultry Production Farm Modification 3 – Submissions Report prepared by EME Advisory dated May 2022, submitted to the Department in response to the Department's request for additional information dated 2 February 2022.

As advised in my letter to you dated 31 May 2022, the Department referred the Submissions Report to relevant government authorities for review and final comment. The Environment Protection Authority (EPA) has completed its review of the Submissions Report and has recommended a number of conditions be included in the modified consent, should the modification application be approved (refer attached).

You are invited to review the EPA's advice and recommended conditions and advise if you accept these conditions.

Please provide your response by **Tuesday 28 June 2022**. If you are unable to meet this timeframe, please provide and commit to an alternate timeframe to provide the response.

Please lodge your response by progressing the application on the NSW planning portal <https://majorprojects.planningportal.nsw.gov.au/>.
