**Subject:** Request for Additional Information

Dear Mr MacKellar

I refer to Response to Submissions for the Gunnedah Waste Facility (SSD-8530563). After careful consideration, the department is requesting that you provide additional information for the amended development.

You are requested to submit the following additional information:

- A description of the operational activities that currently occur on site i.e. relating to the earth moving and plant hire company
- A definitive and full list of the wastes proposed to be accepted at the site
- Clarification of how often non-recyclable waste would be removed from the site (e.g. daily, weekly)
- Details of where non-conforming waste would be stored awaiting removal from site. Please also show this location on the site plan. *Note:* this refers to non-conforming waste that is found during sorting of an incoming load of waste.

You are requested to provide the information, or notification that the information will not be provided, to the department by Friday 16 September 2022. If you cannot meet this deadline or do not intend to provide the additional information, please advise the department via the NSW planning portal.

If you have any questions, please contact Sheelagh Laguna on 02 9274 6574 or via email at [sheelagh.laguna@planning.nsw.gov.au](mailto:sheelagh.laguna@planning.nsw.gov.au).

Yours sincerely,
