**RE: Elevation Estate, Greystanes – Verge tree planting clarification**  
Clunies Ross Street, Greystanes NSW

Dear Andrew,

Please see the extracts attached to this letter from the latest Habit8 LVIA (Issue J) which is based on the SSDA landscape masterplan set (issue K) .

The LVIA images clearly show no tree planting between the property boundary and the Clunies Ross st kerb contrary to what is described in the below response from Blacktown City Council:

**b. Open space comments**

- c. The Visual Impact Assessment indicates street tree planting at various Viewpoints. The landscape plans do not provide for street trees along Clunies Ross Street. An amended landscape plan is required showing large species street trees along Clunies Ross Street. Standard street tree specifications (100Ltr trees with root barrier/root directors) and street tree bonds will apply.
