Subject: Request for Additional Information – The Rumbo Bush School

Dear Mr Jackson

I refer to the Environmental Impact Statement (EIS) for the Dalswinton Sand and Gravel Quarry Project (SSD-9094) (the Project). After careful consideration, the Department is requesting that you provide additional information.

The Department notes that in advice on the EIS dated 2 February 2022, Muswellbrook Shire Council requested a figure showing the location of the Rumbo Bush School (a site of local heritage significance) in relation to the Project. The Department notes that such figure was not included in the Project Submissions Report (July 2022).

Further, the Project Submissions Report states the following in response to the Council's advice:

".... The Rumbo Bush School has located about 3 km from the site and was a highly disturbed non-habitable structure for the Project."

The EIS states the following regarding the Rumbo Bush School:

".... The closest heritage listed item is the Rumbo Bush School located approximately 1.2km to the north-east of the site."

Accordingly, you are requested to submit a figure showing the location of the Rumbo Bush School in relation to the Project. You are also requested to confirm the distance between the Rumbo Bush School and the Project.

You are requested to provide the information, or notification that the information will not be provided, to the Department by 11 November 2022. If you cannot meet this deadline or do not intend to provide the additional information, please advise the Department via the NSW planning portal.

If you have any questions, please contact Polina Golberg on 02 8275 1072 or via email at polina.golberg@dpie.nsw.gov.au.

Yours sincerely,

A handwritten signature in black ink that reads "Jessie Evans".
