Subject: Request for Additional Information

Dear Ms Pignone

I refer to the assessment for the Sancrox Quarry Expansion Project (SSD-7293). After careful consideration, the Department is requesting that you provide further information regarding the financial contributions proposed to be made to Port Macquarie-Hastings Council (Council) for the maintenance of the local roads used for the haulage of quarry products over the life of the proposed development.

Given Port Macquarie-Hastings Council has not established a development contributions plan for extractive industry or heavy haulage, you are requested to nominate a rate and frequency for the payment of such contributions over the life of the proposed development. As part of your response, you are also requested to include evidence of consultation with Council.

You are requested to provide the information or notification that the information will not be provided, to the department by Mon 16 January 2023. If you cannot meet this deadline or do not intend to provide the additional information, please advise the department via the NSW planning portal.

If you have any questions, please contact Jarrod Blane on 02 8275 1831 or via email at jarrod.blane@dpie.nsw.gov.au.

Yours sincerely,
