Subject: Request for Additional Information Waratah Super Battery Project (SSI-48492458)

Dear Mr Sprott

I refer to the proposed Waratah Super Battery Project (SSI-48492458). After careful consideration, the Department is requesting that you provide additional information addressing the following:

- confirm the duration of site preparatory works and peak construction periods;
- confirm the total amount of vegetation clearing (native and exotic) to be undertaken;
- confirm the port of origin for the proposed battery units;
- confirm the total disturbance footprint, including transmission and connection; and
- provide a revised project layout figure including:
  - o the construction access route from Station Road;
  - o the transmission easement and substation connection expressed as part of the project site;
  - o remove details of existing drainage lines.

You are requested to provide the additional information to the Department by **7 February 2023**. If you cannot meet this deadline or do not intend to provide the additional information, please advise the Department via the NSW planning portal.

If you have any questions, please contact Karl Okorn on (02) 9995 5207 or via email at [karl.okorn@planning.nsw.gov.au](mailto:karl.okorn@planning.nsw.gov.au).

Yours sincerely,

Nicole Brewer  
Director  
Energy Assessments
