Subject: Request for Additional Information

Dear Mr Berge

I refer to the Birriwa Solar Farm (SSD-29508870). After careful consideration, the Department is requesting that you provide additional information.

You are requested to submit an updated visual assessment which includes:

- details of mitigation measures proposed for receiver R03, including evaluation of the residual impacts post-mitigation. If setbacks or screening is proposed, this should be shown clearly in figures; and
- an updated analysis for VP1 with viewshed analysis which aligns with the photomontage, and an updated visual impact rating as discussed.

The Department will be in touch to arrange a meeting to discuss the request next week.

You are requested to provide the information, or notification that the information will not be provided, to the Department by Friday 2 February 2024. If you cannot meet this deadline or do not intend to provide the additional information, please advise the Department via the NSW planning portal.

If you have any questions, please contact Nestor Tsambos on 9274 6348 or via email at [nestor.tsambos@dpi.nsw.gov.au](mailto:nestor.tsambos@dpi.nsw.gov.au).

Yours sincerely,

Andy Nixey
