- Provide an updated project layout figure which clearly shows:
 - site access points (main access and emergency access)
 - includes a single project area outline in red, rather than separate 'study areas'

You are requested to provide the information or notification that the information will not be provided, to the department by Tue 23 April 2024. If you cannot meet this deadline or do not intend to provide the additional information, please advise the department via the NSW planning portal.
