30th August 2021

Mrs Anna Kubelka
Office Manager
Eastern Creek Karts
50 Peter Brock Drive
EASTERN CREEK NSW 2766

Dear Anna

In reply to your track modification request, please find the following:

Karting NSW conducts an annual safety check on the karting tracks at Eastern Creek operated by Eastern Creek Karts Pty Ltd (**ECK**) to certify that the tracks meet applicable safety standards.

We have reviewed the modification application submitted by ECK including its annexures dated 31 March 2021 (DA/S29/3/97), and the Martens Report dated 30 July 2021 and its annexures providing additional information.

We confirm that the plans indicate a minimum run-off area for karts that leave the track of no less than 10 metres and otherwise comply with relevant safety standards. If the works are performed in accordance with the plans, the tracks appear to be safety compliant.

Following completion of the modification application works, Karting NSW will require that access be granted for the purpose of conducting an inspection of the ECK karting tracks to ensure they comply with relevant safety standards as constructed.

Kindest regards

Phil Middleton
State Track Inspector
Karting (New South Wales) Inc.
