Subject: RE: Notification of Response to Submissions – Modification to 50 Peter Brock Drive, Eastern Creek – Event Parking Area (S29/3/97-Mod-1)

Hi Joanna,

I am responding back to you as I provided Christopher with those drainage comments in January 2021, unaware that the matter had been dealt with by Sami. It was confusing as our Records team had recorded DPIE's letter (dated 27 November 2020) under a DA for the same site but not for a different development. Our drainage engineer had provided comments based on that understanding.

As the comments are generic in its approach, it applies to any stormwater alteration of the site. However, please do not take those comments under the impression that we will be involved in the above subject application.

In this instance, I would like to reconfirm that we have no further comment to Jessica's email below dated 16 April 2021.

Hope that clarifies the situation and

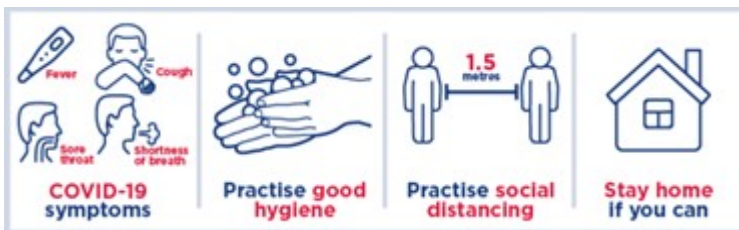

Best regards,
