Dear Mr Hannon

I refer to a request by the Roads and Traffic Authority (RTA) dated 14 June 2006 for various modifications to the approval for the Cross City Tunnel under section 75W of the Environmental Planning and Assessment Act, 1979 (EP&A Act).

I have considered this request, the RTA's environmental assessment report dated June 2006, the report and recommendations of the Director General of Planning and associated documents.

I have granted conditional approval to the RTA to proceed with the modifications except for the proposed removal of the cycle lanes in Kings Cross Road and Craigend Avenue.

I have deferred a decision on these two proposed modifications pending further substantiation of the benefits. I have requested the Director General of Planning to provide me with additional information in this regard.

A copy of the instrument of modification is enclosed.

Yours sincerely
