I refer to the Section 6.33 Certificate submitted in accordance with Condition B45 Schedule 2 of the approval for the Buronga Landfill Expansion (SSD-10096818).

The Department has reviewed the submitted Section 6.33 Certificate and notes the number of ecosystem credits retired exceeds the requirement of Condition B45 as modified by SSD-10096818-Mod-1. The Department is satisfied the ecosystem credit requirements have been met and the requirements of the relevant conditions of approval have been satisfied. Please ensure you make the document publicly available on the project website at the earliest convenience.
