Dear Daniel,

Re: Civil Engineering Works - SSD 10224 MOD

Based on review of the architectural plan changes to be included in the MOD to SSD 10224 for the New primary school in Edmondson Park, we believe that changes to the civil engineering plans are not significant to warrant redocumentation of civil works in this instance.

There are no significant changes to the design philosophy of the stormwater pit and pipe network proposed as part of the MOD to SSD 10224 that will need to be re-reviewed by Council.

We trust this information is satisfactory. Should you require any further information please do not hesitate to contact the undersigned.

Yours faithfully,
