Attention: Dimitri Gotsis

Dear Mr Betts,

**INTERNATIONAL CHINESE SCHOOL – SSD 10260
ADDITIONAL INFORMATION TO TRANSPORT FOR NSW**

In discussion with TfNSW and the project traffic engineer, a survey had been undertaken to inform the design of the proposed deceleration lane.

An updated assessment of the issues raised by TfNSW considering the updated Plans is provided by Stanbury Traffic at **Appendix A** with amended Plans provided at **Appendix B**. The amended plans do not substantially or materially change the design and seek to reflect the greater detail provided by the survey. This information has separately been provided to TfNSW directly by the traffic engineer to aid their direct discussions.

Accordingly, it is requested that the Architectural Plans submitted with the Response to Submissions be replaced by the attached Plans (**Appendix A**) provided under Clause 55 of the *Environmental Planning and Assessment Regulation*.

Should you have any queries about this matter, please do not hesitate to contact me on 0411047748 or cmcgillick@ethosurban.com.

Yours sincerely,

Chris McGillick
Principal, Planning
