Subject: Victoria Cross Stage 2 Over Station Development Construction Noise and Vibration Management Plan

Dear Ms Woods

I refer to your submission, received 2 September 2022, of the Victoria Cross Stage 2 Over Station Development Construction Noise and Vibration Management Plan, Revision E, dated 15 August 2022 (the CNVMP).

I note you have elected to apply the CNVMP for SSI 7400 to the subject project in accordance with Condition B45(a) of SSD 10294. This extends arrangements that have previously been reviewed by Sydney Metro, North Sydney Council and the relevant ER under SSI-7400-PA-56.

You are reminded that if there are any inconsistencies between the CNVMP and the conditions of the consent (SSD-10294), the conditions prevail. This includes, without limitation, the construction hours prescribed by Condition D3.

Please ensure you make the CNVMP publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Grant Rokobauer at grant.rokobauer@dpie.nsw.gov.au

Yours sincerely
