Subject: Victoria Cross Integrated Station Development Community and Communications Strategy and Business Management Plan

Dear Ms Woods,

I refer to the Victoria Cross Integrated Station Development (ISD) Community Communications Strategy and Business Management Plan (CSS) submitted in accordance with Condition B3 of the approval for the City and Southwest Chatswood to Sydenham project (SSI-7400). I also acknowledge your response to the Department's review comments and request for additional information.

I note the CSS:

- has been reviewed by Sydney Metro and no issues have been raised with the Department; and
- contains the information required by the conditions of approval.

The proponent has also prepared the CSS to meet the conditions of consent for the preparation and implementation of a Community Communications Strategy under the SSD 10294.

Accordingly, as nominee of the Planning Secretary, I approve the Victoria Cross Integrated Development Community Communications Strategy (revision 7, September 2022).

You are reminded that if there are any inconsistencies between the CSS and the conditions of approval, the conditions prevail.

Please ensure you make the document publicly available on the project website at the earliest convenience.

If you wish to discuss the matter further, please contact Ellena Tsanidis at [ellena.tsanidis@planning.nsw.gov.au](mailto:ellena.tsanidis@planning.nsw.gov.au).

Yours sincerely

Grant Brown

A/Team Leader - Rail  
Infrastructure Management

As nominee of the Planning Secretary
