

Hi Rodger

Thank you for your request for input into the Secretary's environmental assessment requirements for the above State significant development. The SEARS provided to date seem quite comprehensive and I have little further to add apart from consideration of the following Council strategic documents;

- Coffs Harbour Local Growth Management Strategy + Review (some chapters of the review document are currently on exhibition);
- Coffs Harbour CBD Masterplan; and
- Coffs Harbour Integrated Transport Study.

Please call if you wish to discuss further.

Regards
Gina
