Dear Mr. Brooks

**Western Sydney Green Gas Project (SSD-10313)
Safety Management System**

I refer to the Safety Management System submitted in accordance with Condition B3(b) of Schedule 3 of the Development Consent for the Western Sydney Green Gas Project (SSD-10313).

The Department has carefully reviewed the document and is satisfied it meets the requirements of the relevant Conditions of Consent and is consistent with the Department's *Hazardous Industry Planning Advisory Papers No. 9, 'Safety Management System'* for the scope approved in the pre-construction hazard studies under Condition B2.

Accordingly, the Planning Secretary has approved the Safety Management System (Revision 0, dated 19 March 2021). Please ensure that the approved plan is placed on the project website at the earliest convenience.

If Jemena intends to commission components beyond the approved scope, we request Jemena to submit the updated Emergency Plan and Safety Management System at least one month prior to commissioning, in accordance with the timing of Condition B3 of Schedule 3.

If you wish to discuss the matter further, please contact Wayne Jones on 6575 3406.

Yours sincerely
