

Russell Brooks
Senior Approvals and Stakeholder Manager
Jemena Gas Networks (NSW) Ltd
Level 1, 567 Collins Street
Melbourne, VIC, 3000

03/05/2021

Dear Mr. Brooks

**Western Sydney Green Gas Project (SSD-10313)
Commissioning Safety Study Report**

I refer to the Commissioning Safety Study Report submitted in accordance with Condition B1(a) of Schedule 3 of the Development Consent for the Western Sydney Green Gas Project (SSD-10313). The Department notes that the Commissioning Safety Study Report was approved by the Department on 16 November 2020, and that this report applies to the commissioning phase of the project.

The Department has carefully reviewed the document and is satisfied it meets the requirements of the relevant Conditions of Consent and is consistent with the Department's Hazardous Industry Planning Advisory Papers No. 7, 'Construction Safety' for the scope approved in the pre-construction hazard studies under Condition B2.

Accordingly, the Planning Secretary has approved the Commissioning Safety Study Report (Revision 0, dated 3 March 2021). Please ensure that the approved report is placed on the project website at the earliest convenience.

If Jemena intends to commission components beyond the approved scope, we request Jemena to submit an updated Commissioning Safety Study Report at least one month prior to commissioning.

If you wish to discuss the matter further, please contact Wayne Jones on 6575 340

Yours sincerely

Stephen O'Donoghue
Director
Resource Assessments

As nominee of the Planning Secretary
