Re:Additions & Alterations to President  
Private Hospital

I have been developing the precast concrete structural design for this project as it evolved.

My structural design is in accordance with all the appropriate Australian Standards including:

A.S. 1170.1,2 and 4

A.S. 3600

A.S. 4100

The construction will be maintained in a stable and substantial configuration at all stages of construction.

I have had long experience in this form of construction having completed many such structures including some in the Shire.

Yours Faithfully

A handwritten signature in blue ink, which appears to read 'T. Valaire'. The signature is written in a cursive style.
