

COMPLIANCE STATEMENT – AS 2067:2016 SUBSTATIONS AND HIGH VOLTAGE INSTALLATIONS EXCEEDING 1 KV A.C.

Design Certificate

Site Details	Roberts Road Zone Substation
<i>Project Name</i>	Stage 5 Roberts Road Zone Substation Upgrade
<i>Project Address.</i>	17 Roberts Rd, Eastern Creek, NSW 2766

This Design Compliance Certificate to AS 2067:2016 is issued in relation to the Development Application Modification submission for the existing Roberts Road 132/11kV Zone Substation located at 17 Roberts Road, Eastern Creek, NSW 2766.

I, as the responsible Contractor, certify that the substation and HV installations have been designed to:

1. Fulfil their functional aspects and allow safe operation and maintenance in accordance with AS 2067:2016; and
2. Comply with the requirements of any relevant Authority.

I declare that I am an appropriately qualified and competent person practising in the relevant area of work, with the relevant experience required to make this certification.
