09/11/2021

Dear Ms Kendall,

**Fort Street Public School Redevelopment (SSD 10340)**  
**Extension of time to submit a complete Photographic Archival Record – Condition B33**

I refer to your letter dated 20 October 2021 requesting an extension of time to submit a complete Photographic Archival Record as required under condition of B33 for the Fort Street Public School Redevelopment (SSD 10340).

I note that access to the interior of the Meteorology building (MET) is restricted due to health and safety concerns as the building is structurally unsound and requires remediation of hazardous materials. As a result of this, the Applicant is unable to produce a complete Photographic Archival Recording until the MET building can be remediated and made safe for this activity to occur.

I also note that the previous time extension approval, issued by the Department on 11 May 2021, expires on 12 November 2021.

Accordingly, as nominee of the Planning Secretary I approve a time extension until 12 May 2022 to complete the Photographic Archival Recording including the internal areas of the MET building as per condition B33 of SSD 10340.

If you have any questions or wish to discuss this matter, contact Matt Wood at [matthew.wood@dpie.nsw.gov.au](mailto:matthew.wood@dpie.nsw.gov.au).

Yours sincerely

**Jake Shackleton**  
**Director – Infrastructure Management**

As nominee of the Planning Secretary
