Dear Ms Kendall,

**Fort Street Public School Redevelopment (SSD 10340)  
Extension of time to submit a complete Photographic Archival Record – Condition B33**

I refer to your request for an extension of time to submit a complete Photographic Archival Record as required under condition of B33 for the Fort Street Public School Redevelopment (SSD 10340).

I note that access to the interior of the Meteorology Building (MET) is restricted due to health and safety concerns as the building is structurally unsound and requires remediation of hazardous materials. As a result of this, the Applicant is unable to produce a complete Photographic Archival Recording until the MET Building can be remediated and made safe for this activity to occur.

Accordingly, as nominee of the Planning Secretary I approve a time extension until 23 July 2021 to complete the Photographic Archival Recording including the internal areas of the MET Building as per condition B33 of SSD 10340.

If you wish to discuss this matter, please contact Matt Wood on [matthew.wood@dpie.nsw.gov.au](mailto:matthew.wood@dpie.nsw.gov.au).

Yours sincerely

**Jake Shackleton**  
A/Director - Infrastructure Management
