Dear Kael

Please find advice in relation to Condition 18 and Condition 19 of SSD10354 below:

### **C18 – Construction Pedestrian and Traffic Management Plan**

APPROVED - As required by Condition C18, SOPA have been consulted in the preparation of the CPTMP. Copy of FINAL to be provided including (as per my email of today's date)–

*The revised CPTMP is satisfactory for submission to the certifier subject to the inclusion of:*

- *That the applicant shall have sweeper truck on site at all times during any hauling of bulk excavation materials.*
- *That an authorised traffic controller is deployed for the first two hours of the site operating each day, including 30 minutes prior to the site opening, external to the construction site, to ensure no queuing of construction vehicles for the period of the bulk excavation works.*

### **C19 – Construction Noise & Vibration Management Plan**

APPROVED – As required by the condition, the Construction Noise & Vibration Management Plan has been reviewed and endorsed by SOPA.

The above advice does not apply to any other conditions of consent.

Kind regards  
Vivienne
