

## NIC HALL

### MANAGER (WOLLONGONG)

#### AREAS OF EXPERTISE

- Environmental Noise & Vibration
- Air Quality
- Transportation Noise & Vibration

#### QUALIFICATIONS

- Bachelor of Engineering (Mechanical)

#### OH&S / SAFETY

- WorkCover NSW OH&S Construction White Card
- Transport for NSW Rail Safety Worker Card

#### AFFILIATIONS

- Member, Clean Air Society of Australia & New Zealand (CASANZ)

#### EMPLOYMENT HISTORY

- |                       |                                                           |
|-----------------------|-----------------------------------------------------------|
| • Dec 2007 – Jan 2012 | Development Engineer – Vehicle Refinement, Ford Australia |
| • Jan 2012 – Jan 2015 | Project Engineer, Wilkinson Murray                        |
| • Jan 2015 – Jan 2017 | Manager (Newcastle), Wilkinson Murray                     |
| • Jan 2017 - Present  | Manager (Wollongong), Wilkinson Murray                    |

#### PROFILE

Nic has over ten years of professional experience in the fields of acoustics and air quality. Nic started his career in the automotive sector, specialising in noise and vibration of rotating machinery and finite element analysis. Since joining Wilkinson Murray in 2012, Nic has spent the past eight years focused on environmental and transportation noise & vibration and air quality.

Nic has consulted to a wide range of sectors and industries throughout Australia and overseas on numerous projects, routinely project managing and conducting environmental noise and air quality monitoring surveys and impact assessments.

Nic is now a Senior Engineer and the Manager of Wilkinson Murray's Wollongong office.

**ENVIRONMENTAL NOISE & VIBRATION**

- Boral Dunmore Concrete Batching Plant
- Badgerys Creek Quarry and Brick Manufacturing
- Wambo Mine Noise Audit
- Dunmore Sand Mine
- Vinfast Vehicle Manufacturing
- Moorebank Intermodal Precinct
- Western Sydney Zoo
- Bulga Village Mine Noise Audit
- Queanbeyan Waste Transfer Station
- Braidwood Waste Transfer Station
- Riverstone Slurry Plant
- SCE Material Handling
- Kew Waste Transfer Station
- West Camden Water Recycling Plant upgrade
- Whittaker's Contracting, Orange
- Sandvik, Orange
- KFC, Orange
- G&C Manufacturing, Orange
- Moolarben Coal Temporary Workers Accommodation
- Bulga Open Cut Mine Noise Audit
- Clyde Waste Transfer Terminal

**AIR QUALITY**

- Boral Dunmore Concrete Batching Plant
- Infigen Gas Turbine Relocation
- Stadium Australia Redevelopment
- Boral West Gosford Concrete Batching Plant
- Sydney Football Stadium Redevelopment
- Vinfast Vehicle Manufacturing
- Clyde Waste Transfer Terminal
- Cairncross Landfill
- Cameron Park Batching Plant
- Sydney Zoo
- Perth Airport
- ResouceCo Alternative Fuels
- Ingleburn Battery Recycling
- Braidwood Waste Transfer Station
- Central Precinct Bulk Earthworks
- Dunmore Sand Mine
- Barangaroo Casino
- Banksmeadow Waste Transfer Station
- Tralee Asphalt Odour
- Dunmore Recycling & Waste Disposal Depot
- Agritechnology Yeast Manufacturing
- Riverina Milling Company Oilseed Processing Plant
- Nymboida Quarry
- Parkes Sewerage Treatment & Water Treatment Plant upgrades

**TRANSPORTATION NOISE & VIBRATION**

- Newell Highway – Mungle Back Creek to Boggabilla
- Great Western Highway, Katoomba to Mt Victoria Safety Upgrade
- Pacific Highway Herons Creek
- M5 West Widening
- Scholey Street Overbridge Replacement
- Bengalla Rail Loop Extension
- Bylong East Duplication
- Nundah Bank Rail Project
- Princes Highway Heavy Vehicle Rest Area Investigation
- Setanta Aviation Helipad Assessment
- Sydney Airport Masterplan

**OTHER**

- Ettalong Beach Vibration Monitoring
- Wagga Wagga Harness Racing Club
- Sydney Trains Maintenance Depots
- Turner's Heavy Haulage
- White Bay Construction Noise Monitoring
- St George Hospital – concrete slab response testing and analysis
- UNSW slab vibration survey and analysis
